RE: Request for Approval to Drill
Off-Standard Location
Montoya Well No. 1-A34
San Juan County, NM
(Exception to State Rule 104-C)

Gentlemen:

Union Oil Company of California requests permission to drill the Montoya Well No. 1-A34, 900' FNL & 700' FEL, Section 34, Township 32 North, Range 13 West, San Juan County, New Mexico, which is an off-standard location in order to avoid agricultural land on the west side of the river and also to avoid the river west of the location. Union Oil Company originally intended to drill subject well 800' FNL & 800' FEL, Section 34, Township 32 North, Range 13 West, San Juan County, New Mexico.

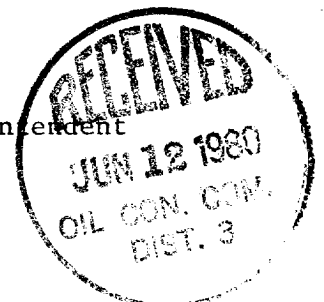

Attached you will find a copy of the APD, location plats, and plat showing agricultural land, river, and offset operations. We have notified the operators of the offset locations of our intentions and are enclosing signed waivers from each of them.

Very truly yours,

UNION OIL COMPANY OF CALIFORNIA
