Re: Application for Multiple Completion
Montoya A34 Well No. 1
San Juan County, New Mexico

Gentlemen:

In accordance with the rules and regulations of the New Mexico Energy and Minerals Department, Oil Conservation Division, a copy of all applications for administrative approval to multiple complete a well must be furnished offset operators. If no offset operator has filed an objection to the proposed multiple completion after twenty (20) days from the filing date, the Division Director will act upon the request.

Union Oil Company of California, as operator, proposes to dual complete the Montoya A34 Well No. 1 in the Mesaverde and Dakota formations. The well is located 900 feet from the North line and 700 feet from the East line of Section 34, Township 32 North, Range 13 West in San Juan County, New Mexico. The perforated intervals, well test data and other completion information are shown on the attached copy of the application.

This letter is furnished in duplicate. Please indicate your approval below and return one copy to this office. Your early response will be appreciated.

Yours very truly,

W. B. Flint, Jr.
