Re: Navajo 17, C-28-32N-17W (C-104)

Dear Sirs:

This will please advise you that Form C-104 regarding the above-referenced well was filed with you in error. As of this time, we still do not have a purchaser or a transporter of oil and/or gas.

Further, pursuant to Rule R-107 d(2), State of New Mexico, we applied for and were granted a waiver from the State of New Mexico to complete the above-referenced well as a tubing-less completion until such time as there is a pipeline connection and a market for same; at which time tubing will be installed. I am enclosing a copy of the letter of authorization for your reference.

In respect of the above, I am enclosing four (4) corrected copies of Form C-104 to replace the copies that were returned to us for further information. Our apologies for any inconvenience this may have caused. If you have any questions concerning the above, please contact me.

Sincerely yours,

Freda L. Yeomans
