- ☐ Altering Casing
- ☒ Other -
- ☒ Change of Plans
- ☐ New Construction
- ☐ Non-Routine Fracturing
- ☐ Water Shut off
- ☐ Conversion to Injection

13. Describe Proposed or Completed Operations

Due to economic analysis and current engineering design considerations, it is intended to change the casing design of the subject well. The change will call for eliminating the 90' of 16" OD conductor pipe. In lieu of setting the conductor pipe, a 6' wide by 4' deep steel lined cellar will be dug and floored with 10 sacks of cement. The remaining casing design will not change.
