Mr. Emery C. Arnold
Oil Conservation Commission
1000 Rio Brazos Road
Aztec, New Mexico

Dear Mr. Arnold:

With reference to your letter of February 10, 1961, please be notified that Adobe Oil Company has moved the mud pit on the McCarty #1 well back from the river channels so that there is no possibility of the river cutting the pit and draining the mud. As soon as the weather permits, it is our intention to remove all fluids from this pit and completely clean up the location. The Knight tank battery will be diked in the very near future to remove any possibilities of the liquids getting into the river channel.

Thank you for bringing these conditions to our attention and we would appreciate any requirements you may have in the future.

Yours very truly,

ADOBE OIL COMPANY

A. T. Sindel
