Sec. 3-14N-10W,
McKinley, County

Dear Mr. Sanky:

I have at hand your C-101, Notice of Intention to Drill for the above captioned well which was received in this office January 2, 1952.

It appears that everything is in order for the approval of your C-101 with one exception. It has been a standing rule of the Oil Conservation Commission for the past 18 months or so to require a registered surveyor's plat for all wildcat locations. Upon receipt of this surveyor's plat we will be pleased to issue an approval of the above-mentioned well.

Very truly yours,

ELVIS A. UTZ,
Gas Engineer
