Dear Emery:

We have had another inquiry concerning Spanish Bit Oil Company's Well No. 2 located in the SE/4 NE/4 NE/4 of Section 35, T-17-N, R-8-W, and we are quoting your teletype message of February 25th: "We checked Spanish Bit location on the ground and it is O.K. I also talked to Sherman Wengerd in Albuquerque who was running their operation and he informed me that it had been plugged and they were going to file necessary forms. To date they have not done so, so the bond cannot be cancelled."

Please advise as to whether the status of this well has changed since your message.

Very truly yours,

A. L. Porter, Jr.
