January 31, 1957

Mr. A. L. Porter, Jr.
Oil Conservation Commission
Santa Fe, New Mexico

Dear Pete:

We have received your letter of January 21, 1957 regarding plugging bond for the Spanish Bit Oil Company well. We still have not heard from Mr. Brian Johnson, whom we wrote on December 22, 1956.

However, a couple of days ago I talked to Sherman Wengerd, who was over here and was the geologist on the well at the time it was drilled. He states that the man who was in charge of the drilling is in Albuquerque and that he will pick up the papers we sent Mr. Johnson and complete them and file them with us.

We will let you know immediately when he gets the forms filed.

Yours very truly

Emery C. Arnold
Supervisor, District #3

Mr. A. L. Johnson, Jr.
Oil Conservation Commission
Santa Fe, New Mexico

Dear Sir:

We have received your letter of January 9, 1937 regarding planning
work for the Spanish Bit Oil Company well. We still have not heard
from Mr. Philip Johnson, whom we wrote on December 18, 1936.

However, a couple of days ago I called to Herman Wengert, who was
then in charge of the well at the time it was
drilled. He stated that the man who was in charge of the drilling is
a Spaniard and that he will pick up the papers we sent Mr.
Johnson and complete them and then return them.

I will let you know immediately when we have the forms filled.

Very very truly

Henry O. Jones
Secretary, Commission
