Re: Dr. Sam G. Dunn
Grevey Well No. 3

Dear Mr. Donegan:

We have your application for an unorthodox location and an 80-acre unit for the above well.

As the Special Rules and Regulations for the Puerto Chiquito-Gallup Oil Pool provide that each well completed or recompleted in the Puerto Chiquito-Gallup Oil Pool shall be located on a standard 160-acre unit and we have received an objection to the proposed non-standard location from Benson-Montin-Greer Drilling Corporation, your application is not eligible for administrative approval. We will be happy to place the application upon the hearing docket if you so desire.

Very truly yours,

J. M. DURRETT, Jr.
