Re: APPLICATION OF DR. SAM G. DUNN
FOR 80-ACRE LOCATION IN N $\frac{1}{2}$ SW $\frac{1}{4}$
SEC. 26, T-26N, R-1E
PUERTO CHIQUITO POOL, RIO ARIZONA
COUNTY

Gentlemen:

We have copy of application of Dr. Sam G. Dunn, signed by Ben Donegan, dated December 5, 1963, for the captioned location. Benson-Montin-Greer Drilling Corp. is operator of adjoining leases to the west of this proposed location.

As discussed with Dr. Dunn today, this amounts to an 80-acre location, inasmuch as a producing well now exists in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 26. The application therefore does not comply with the present spacing order of one well to 160 acres. Benson-Montin-Greer Drilling Corp. therefore opposes a well drilled at such a location. It is our understanding that a new hearing would have to be held, reversing the decision of the order resulting from Case 2881, which established 160-acre spacing for this area, before wells can be drilled on a more dense pattern than one well to 160 acres.

Yours very truly,

BENSON-MONTIN-GREER DRILLING CORP.
