

May 2, 1957

Mr. C. C. Evans
P. O. Box 704
Truth or Consequences, N. M.

Dear Sir:

We received your letter of April 17, 1957, inquiring as to whether a well was drilling in Section 20-26N-2W.

San Juan Gas Corporation has filed a Notice of Intention to Drill in the Southeast Quarter of this section; however, nothing has been filed in our office indicating that the well has been spudded as of this date.

Yours very truly,

Emery C. Arnold
Supervisor, District #3

State Oil Conservation Commission
Aztec, N. Mex.

Dear Sir:

Did San Juan Gas Co drill a
well in sec 20 T26N R2W?

The Oil News of Feb 2 1957
showed in the drilling report that
a well was drilling at 2140 in
NW SE sec 20

I heard no more about the well
after the above report - Was the ~~sec~~
above report correct or did the paper
have the township wrong

I own land in sec 21 T26N R2W - any
information on above well will be appreciated
let me know what well made
C. C. Evans
