Re: #39-36 Rosa Unit, A-36-32N-6W

Gentlemen:

According to our records a Notice of Intention to Drill the above well was filed with this office on August 16, 1960.

We have had no further reports of any kind on this location and presume it has been abandoned. Will you please advise immediately if this is the case, so that we may clear our records.

In the event the well was drilled, please file the necessary Forms C-103 and C-105 immediately so that our records may be complete.

Yours very truly

Emery C. Arnold

Mr. Arnold: Mr. Walter Kilgo of Mr. Turner's office tells me that this location has been "abandoned" and as far as they know at present nothing will be done with it. Should they change their minds, a new "Notice of Intention to Drill" will be filed.
