Re: San Ysidro Coreholes

Dear Mr. Sentz:

Enclosed is a copy of Memo No. 1-68 from the director of the Oil Conservation Commission. Please note the following:

1. We have received only one copy of form C-101 for each of the below listed wells. Rule 1101 requires the operator to file 5 copies, so please file 4 more copies for each well.
2. Part 4b. of Memo 1-68 is satisfied by your statement on the form C-101.
3. Part 4c. requires that you file forms C-103 and C-105 within one year of the completion date of the hole.
4. Although Part 3 does not require a certified location at the time of filing the form C-101, such certified location will be required before the form C-105 will be approved.
