Att: Mr. Al Greer

Dear Al:

On September 25, 1953 we received from you Form C-103 reporting on result of plugging Benson & Montin #29, G.C.U. Sec. 32-29N-12W.

On checking the file we find we do not have either a Form C-102 showing Notice of Intention to Plug or a Well Log.

We will not be able to approve Form C-103 until we have received Notice of Intention to Plug and a Form C-105, Well Log.

Yours very truly,

Emery C. Arnold  
Oil & Gas Inspector
