Aztec, New Mexico

Re: Paul B. Palmer and Associates
#1 Hutton, SWSE Section 17-29-N-13W

Dear Mr. Arnold:

There has been some correspondence between you and Mr. Paul Strickland, of our Albuquerque office, in regard to the Plugging of the Well above captioned.

I was recently in Aztec and attempted to see you at that time, but unfortunately, I was unable to do so. I am wondering what developments have occurred since your last correspondence with Mr. Strickland of December 1, 1953 and whether or not this Well has been successfully Plugged.

Your advice in this regard will be greatly appreciated.

Very truly yours,

RITTER GENERAL AGENCY
