Dear Mr. Arnold:

A copy of your letter dated May 7, 1954 to Paul B. Palmer of Farmington, New Mexico and sent to Mr. Paul Strickland of our Albuquerque office has been referred to us for attention.

This office certainly appreciates your keeping us advised of developments and we sincerely trust and hope that Mr. Palmer will complete the plugging of this well within the immediate future and without any further delay. Of course, if Mr. Carson releases the well to Mr. Hutton to be used as a water well in accordance with your requirements and procedure, then naturally, that would terminate this entire matter. We sincerely trust that Mr. Palmer will take the necessary steps to handle this matter to a conclusion and we will certainly appreciate your keeping us advised of developments.

In the meantime, of course, if you have any suggestions in which we can be of any assistance to you, then please do not hesitate to advise us.

Very truly yours,
