Dear Mr. Haley,

On July 26th we received Form C-116 which was marked as a special test covering your Rattlesnake #47. We have ~~no~~ well file or any information of any kind on this well. I presume the reason for this is that the well was drilled prior to the time there was an Oil Conservation Commission and that it has not been produced since the beginning of oil proration in this area. Would you please file Form C-104 and C-110 supplying all pertinent information in order that we may assign it an allowable.

Very truly yours,

Emery C. Arnold  
Supervisor, District #3
