Re: Case No. 6152

Dear Al:

Jason Kellahin, on behalf of Al Greer, Jr., has requested a 90-day extension to the September 1 deadline set out in the order not yet issued for the Thompson No. 1, N-10-30N-11W. This is agreeable to all parties, since this will give Mr. Greer enough time to conclude a quiet title action and make plans for re-working of the well. Therefore, I am recommending that when the order is issued, you send Mr. Greer a letter extending the deadline for plugging to December 1, 1978.

Very truly yours,

LYNN TESCHENDORF  
General Counsel
