Dear Mr. Shaw:

A recent field inspection conducted on April 18, 1995 revealed that the above location has a pit next to the compressor measuring 7'x7'x3' which is un-netted, unlined and is in the vulnerable area. This pit contains approximately 3 bbls of oil and is in violation of order R-8952.

You are respectfully hereby directed to bring this pit into compliance prior to June 6, 1995.

Yours truly,

Ernest Cardona
