*** Lesser Prairie Chicken (LPC) timing stipulations are in effect 1 Mar- 15 June annually.

*** Tis the season for African Rue. Please do a 360 scan around your well locations and lease roads.

The **BLM acceptance/approval does not** relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. In such an event that the location does not revegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

Subject: YDU 11-23

Kristen,

Attached are the final lab results from the YDU 11-23 battery fire on Feb. 6 ,2016.
Attached is the final C-141. Mr. Keyes had asked that we sample one last time before closing the remediation plan.
