Subject: RE: Request: Extension for Salado Draw 1RF-13 Recycling Containments (Frac Pond) operations
Date: Monday, June 11, 2018 1:36:00 PM

Mr. Vallejo:

NMOCD accepts the request for a 6-month extension for Chevron Salado Draw Recycling Containment: **1RF-13** as per NMAC 19.15.34.13. The extension approval is specifically for June 1, 2018 to November 30, 2018.

Please be advised that this request approval is a one-time agreement.

Thanks,

Olivia Yu
Environmental Specialist
NMOCD, District I

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Subject: Request: Extension for Salado Draw 1RF-13 Recycling Containments (Frac Pond) operations
Importance: High

Good day Olivia,

Per your email request with specific detailed information, Chevron MCBU is requesting a six month extension (June – November) from NMOCD for our Salado Draw 1RF-13 Recycling Containments (Frac Ponds). November 2017 was the last month this recycled water was utilized. We will be exceeding the six months of not utilizing >20% of the total fluid capacity as of May 31, 2018, due to our Salado Draw Pad 8 drilling rig encountering issues and has pushed our frac start date to July.

Please contact me for any questions you may have regarding our extension request above.

Thank you,

Tony Vallejo
