All,

NMSLO approves of the workplan with the following comments:

- Bottom and sidewall confirmation samples are necessary; no greater than 50 feet apart.
- Use that attached seed mixture. It was similar to the one in the plan except it specifies which grama grasses to use and the amount of seed to be dispersed based on the selected seeding method

Also, there is another remediation permit for this location, 1RP-3746. Will that be addressed in this process? If not, please provide an update?

Approval is also necessary from NMOCD.

Olivia and Ryan,

Please find the attached Delineation Workplan and remediation proposal for the Chevron Monument 1 State #015 (1RP-5093). Chevron is requesting that you review this plan and is looking forward to the OCD's and SLO's approval.

If you have any questions, please let me know.

Thanks, Cliff
