13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Please find attached the revised Directional Survey for the West Shinnery 15 Fed 2H moving the BHL north 75' from the original location. This was approved on 11/18/10.

Thanks in advance for your quick response since Devon is currently drilling this well.

Conditions of Approval

Summary of Current Status:

- Devon is currently drilling this well.

Requests:

1. To revise the planned well trajectory Drainhole Total Depth (DHTD) to be 75' from the original location.

Conditions of Approval:

- a) A revised C-102 plat shall be promptly prepared and submitted.
- b) If needed, any necessary revisions in hole size / casing program must be submitted for approval in a separate sundry in advance.
- c) Subsequent sundries to be filed with drilling details to include all spud, casing and completion work.
- d) Completion report to be sent within 30 days of completion. Completion report to have all items completed.
