If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.) *

The original APD for this well erroneously cited the deepest pool for this well as the Eunice Monument; Grayburg-San Andres (23000). In fact, with a TD of 7,400', the deepest pool should have been cited as the Wantz, Abo (62700). Attached is a revised Exhibit D-1 (C-102) reflecting the proper pool.

14. I hereby certify that the foregoing is true and correct.
