Chuck,

As discussed Friday, we are trying to get the location released from the OCD. I have attached a picture of the Targa skid which appears to be out of service. It is dead end on the left side and goes into the ground on the right side. Can we please get this scheduled to be removed? I was unable to get serial due to condition. Thanks.

Mark,

Good evening sir! Please see the attached request for inspection. This location has some circumstances I would like to mention prior to inspection. They are as follows:

1. There is a bolted tank on this location which belongs to the land owner (Mr. Joe Sims 575-441-7870).
2. Targa Resources has skid which they intend to remove this week per discussions this morning via phone call. Please see the attached email requesting the removal of equipment. (POC Chuck Tolsma 575-631-5424)

If you should have any questions or further request, please don't hesitate to contact me. Thanks sir!!!
