Re: Bilbrey 32 State Com #2  
Section 32, Township 21 South, Range 32 East  
Lea County, New Mexico

Dear Mr. Scarbrough:

In 2008, Cimarex Energy Co. ("Cimarex") successfully recompleted the Bilbrey 32 State Com #2 well located in the SW/4 of Section 32, Township 21 South, Range 32 East, Lea County, New Mexico, to the Atoka Formation. ConocoPhillips Company ("Conoco") operates the Bilbrey 32 State Com #1 well located in the NW/4 of the same section, and until February 2006 also produced that well from the Atoka Formation. Since that time the Oil Conservation Division of New Mexico has notified Cimarex that it needs proof that Conoco is in agreement and approves of having the Cimarex-Bilbrey 32 State Com #2 well and the ConocoPhillips-Bilbrey 32 State Com #1 well in the same 320 acre Atoka Formation proration unit. Please confirm on the attached signature page that Conoco is aware and agrees that Cimarex operates the Bilbrey 23 State Com #2 as an Atoka gas well in the SW/4 of Section 32, Township 21 South, Range 32 East, Lea County, New Mexico. It should be noted that Cimarex received a letter dated September 14, 2007 indicating Conoco's intent to recomplete the Bilbrey 32 State Com #1 well to the Strawn Formation.

If the foregoing correctly sets forth our understanding and agreement, kindly indicate your acceptance and concurrence by signing in the space provided below and returning one (1) copy to the undersigned at the above letterhead address.

If you have any questions please contact me at the numbers above.

Very truly yours,

A handwritten signature in black ink, appearing to read "B. van Staveren", with a long horizontal flourish extending to the right.
