Mrs. W. L. Smith
New Mexico Oil Conservation Commission
P. O. Box 2045
Hobbs, New Mexico

Dear Mrs. Smith:

Please note that the enclosed forms C-101 specifically state "Recompletion" - which quite naturally infer you have records on the hole that must have been drilled previously in the location referred to.

You will find it under Texas Company State BL in Center of SWSE Sec. 28-12-32 and the pipe that was cemented in their abandoned hole will be used. They left 325' - 13-3/8" and 3690' of 8-5/8" in the hole - well cemented - we will use it.

Yours very truly,

Earl G. Levick
