Unit G, Sec. 5, T18S, R33E

Gentlemen:

We have received the above-referenced drilling permit from the BLM and it is noted that you have dedicated the SE/4 NW/4 and the SW/4 NE/4 of Section 5 to this proposed South Corbin Wolfcamp completion.

This type proration unit is non-standard and will require approval from our Santa Fe office before an allowable can be assigned. For the 80-acre proration unit to be standard it must all lie within a quarter section.

Very truly yours,

OIL CONSERVATION DIVISION
