APPLICATION FOR MULTIPLE COMPLETION
BRIDGES STATE WELL #116
LEA COUNTY, NEW MEXICO

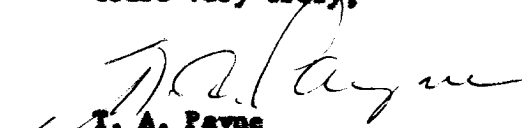

Gentlemen:

As a result of your letter of July 25, 1966, we are enclosing a revised diagrammatic sketch for attachment to our Application For Multiple Completion. This sketch will more accurately reflect our intentions for the proposed completion of the zones indicated in our application.

We sincerely regret any delay we may have caused you because of the frequent changes in the diagrammatic sketch. Because of the size drawings, the two previous sketches are difficult to read.

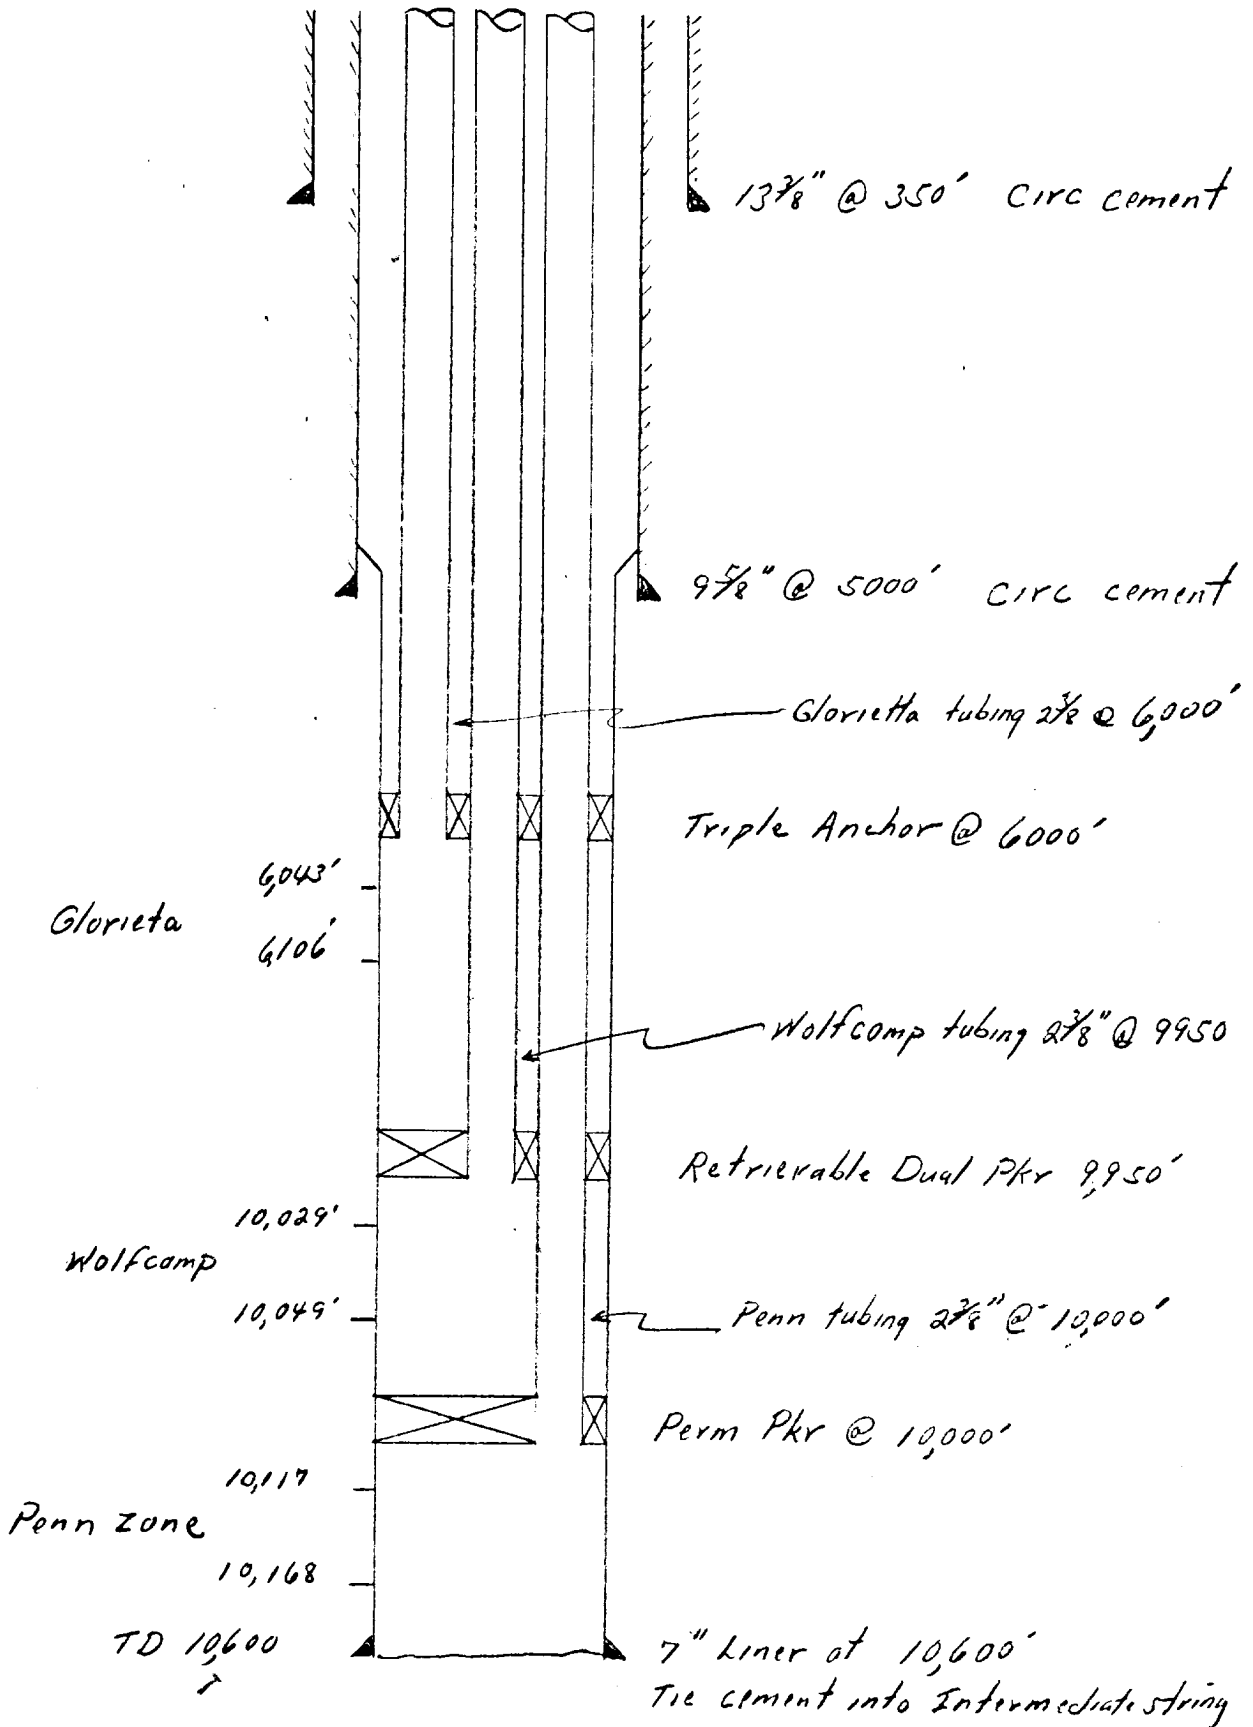

By submitting the attached sketch, and since we now propose to set tubing not more than 250 feet above the top of pay, we are requesting an exception to Rule 107 (d) (4).

Yours very truly,

T. A. Payne
