FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

A review of our records indicate that each of the three wells previously completed on our McKinley Lease gave considerable trouble after the Big Gas Sand was penetrated below the Salt Section and therefore, we request, your permission authorizing us to change our original plans as outlined on Approved Form C-101, Notice of Intention to Drill, Dated August 18, 1944, in the following manner:

Run and set, approximately 2800 feet of 9 5/8" OD 36# SH-40 New SS Casing with 500 sacks cement instead of at 1700 feet with 450 sacks, in order to provide a greater safety factor while drilling and completing the subject well.
