Lea County, New Mexico

Gentlemen:

Amerada Petroleum Corporation hereby makes application for administrative approval for an exception to Order No. 553 pertaining to the flaring of casinghead gas in the Jalmat Pool, Lea County, New Mexico, and in support thereof states the following facts:

- (1) That Amerada Petroleum Corporation is owner and operator of an oil well known as the State WE^NJ^N No. 1 in the Jalmat Pool located 660' from the west line and 1980' from the south line of Section 11, T-22-S, R-35-E, Lea County, New Mexico.
- (2) That the subject well produces with a GOR of 113 cubic feet/barrel and produces an average daily volume of 4200 cubic feet of casinghead gas of which only 500 cubic feet per day is flared.
- (3) That the well has no connection for sale of casinghead gas.
- (4) That the nearest casinghead gas gathering line is located 4100' from the subject well.
- (5) That the accompanying plat showing offset well locations and point of nearest sales connection is true and correct to the best of our knowledge.
- (6) That all provisions of paragraph 10, Order No. 520 have been complied with and a Form 110 has been filed on the subject well.

In view of the facts stated above, Amerada Petroleum Corporation respectfully requests that the Secretary of the Commission grant an exception to Order No. 553 whereby the petitioner may operate the State WE^NJ^N No. 1 until such time as arrangements can be made for disposal of the casinghead gas.

Very truly yours,

AMERADA PETROLEUM CORPORATION
