

Form C-102
TRIPPLICATE

NEW MEXICO OIL CONSERVATION COMMISSION
Santa Fe, New Mexico

RECORDED

MISCELLANEOUS REPORTS ON WELL

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-offs, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS	REPORT ON REPAIRING WELL	Yes
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL	REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF CASING SHUT-OFF	REPORT ON DEEPENING WELL	
REPORT ON RESULT OF PLUGGING OF WELL

Roy Yarbrough
Name

OIL & GAS INSPECTOR
Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for consistent data collection procedures and the use of advanced analytical techniques to derive meaningful insights from the data.

3. The third part of the document focuses on the implementation of data-driven decision-making processes. It discusses how the collected data is used to identify trends, assess risks, and make strategic decisions that align with the organization's goals.

4. The fourth part of the document addresses the challenges and limitations of data analysis. It acknowledges that while data provides valuable insights, it is not infallible and must be interpreted with care, taking into account potential biases and uncertainties.

5. The fifth part of the document concludes by summarizing the key findings and recommendations. It stresses the importance of ongoing monitoring and evaluation to ensure that the data analysis process remains effective and relevant in a rapidly changing environment.

6. The sixth part of the document provides a detailed overview of the data collection process, including the identification of data sources, the design of data collection instruments, and the implementation of data collection protocols.

7. The seventh part of the document discusses the various methods used for data analysis, such as descriptive statistics, inferential statistics, and regression analysis. It also touches upon the use of software tools to facilitate these analyses.

8. The eighth part of the document focuses on the interpretation of data analysis results. It explains how to identify significant findings, understand their implications, and communicate them effectively to stakeholders.

9. The ninth part of the document addresses the ethical considerations surrounding data analysis. It emphasizes the need for transparency, informed consent, and the protection of personal data to ensure that the analysis is conducted in a responsible and ethical manner.

10. The tenth part of the document provides a final summary and concludes the report. It reiterates the importance of data analysis in driving organizational success and offers final thoughts on the future of data-driven decision-making.

11. The eleventh part of the document discusses the role of data analysis in strategic planning. It explains how data can be used to identify opportunities, assess risks, and develop strategies that are based on evidence and data.

12. The twelfth part of the document addresses the importance of data quality. It discusses the factors that can affect data quality, such as data collection methods, data entry errors, and data storage issues, and provides recommendations for ensuring high-quality data.

13. The thirteenth part of the document discusses the use of data analysis in performance management. It explains how data can be used to track key performance indicators (KPIs) and identify areas for improvement in an organization's operations.

14. The fourteenth part of the document addresses the challenges of data analysis in a complex and dynamic environment. It discusses the need for flexibility and adaptability in data analysis methods and the importance of staying up-to-date with the latest trends and technologies.

15. The fifteenth part of the document provides a final summary and concludes the report. It reiterates the importance of data analysis in driving organizational success and offers final thoughts on the future of data-driven decision-making.

16. The sixteenth part of the document discusses the role of data analysis in risk management. It explains how data can be used to identify potential risks, assess their impact, and develop strategies to mitigate them.

17. The seventeenth part of the document addresses the importance of data analysis in customer relationship management (CRM). It discusses how data can be used to understand customer behavior, identify needs, and provide personalized services to enhance customer satisfaction.

18. The eighteenth part of the document provides a final summary and concludes the report. It reiterates the importance of data analysis in driving organizational success and offers final thoughts on the future of data-driven decision-making.
