Downhole Commingle Per Order DHC-764  
Wantz Abo and Wantz Granite Wash

Gentlemen:

We are authorizing a downhole commingled allowable of 50 BOPD for the above-referenced well in accordance with order DHC-764.

*ef 7-1-91*

It is noted that your combined test after treatment is considerably more than that amount. Should the well continue to produce in excess of the 50 BOPD after a few months you will be expected to get in touch with me so we can determine if this well qualifies to continue as downhole commingled.

Very truly yours,

OIL CONSERVATION DIVISION

Supervisor, District I
