Re: Bell Lake, 7909 JV-P #1 in Sec. 18, T23S, R34E

Gentlemen:

We have inspected the location on the above plugged well and find there is gas bubbling out of the cellar.

We request that you re-enter and re-plug this well.

We request that you call and advise us when you plan to do this and we will meet with you and discuss the steps necessary to plug this well in order to prevent future problems.

Very truly yours
