Gentlemen:

According to our records you have not as yet filed Forms C-110 showing a casinghead gas connection for your Mary E. Wills lease in Section 33, T-26-S, R-37-E. If Cabot Carbon Co. has connected, please file Form C-110 showing this connection; if the connection has not been made, it will be necessary for you to make application for a No-Flare Order since the 90 day period for which you are permitted to flare the gas expired on December 21, 1958 for Well No. 1. The 90 day period will expire on February 10, 1959 for Well No. 2.

Please give this matter your early attention in order to avoid cancellation of allowable for Well No. 1.

Yours very truly,

OIL CONSERVATION COMMISSION
