Att'n: Mr. Ray Yarbrough.

Gentlemen:

We have just been advised by the Santa Fe office of the Conservation Commission that we failed to file a plugging report on our No. 1 Humphrey well, which was abandoned May 25, 1936. This report is enclosed.

This well, located as shown on the report in the SE/4 of the SW/4 of Section 3, is not to be confused with our Humphrey No. 1-A, which was subsequently drilled in the NW/4 of the NE/4 of this section.

Yours very truly,

CULBERTSON & IRWIN, INC.,

President.
