Re: Plains All American – 2014 Annual Monitoring Reports  
2 Sites in Lea County, New Mexico

Dear Dr. Oberding:

Plains All American is an operator of crude oil pipelines and terminal facilities in the state of New Mexico. Plains All American actively monitors certain historical release sites exhibiting groundwater impacts, consistent with assessments and work plans developed in consultation with the New Mexico Oil Conservation Division (NMOCD). In accordance with the rules and regulations of the NMOCD, Plains All American hereby submits our Annual Monitoring reports for the following sites:

<u>Livingston Line-Bob McCasland</u>	<u>1R-0395</u>	<u>Section 3, T21S, R37E, Lea County</u>
<u>Livingston Ridge to Hugh-P. Sims</u>	<u>1R-0398</u>	<u>Section 3, T21S, R37E, Lea County</u>

Terracon prepared these documents and has vouched for their accuracy and completeness, and on behalf of Plains All American, I have personally reviewed the documents and interviewed Terracon personnel in order to verify the accuracy and completeness of these documents. It is based upon these inquiries and reviews that Plains All American submits the enclosed Annual Monitoring Reports for the above facilities.

If you have any questions or require further information, please contact me at (575) 441-1099.

Sincerely,

Camille Bryant  
Remediation Coordinator  
Plains All American

CC: NMOCD, Hobbs, NM
