CAUTION: This email originated outside of our organization. Exercise caution prior to clicking on links or opening attachments.

Mr. Leonard Lowe, good afternoon,

I am responding to the email below that you sent regarding the protest filed by Permian Resources of an NSL application submitted by Alpha Energy. Abadie & Schill is new counsel in this matter, and I wanted to give you an update pursuant to your request below.

The parties are simultaneously involved in pooling applications before the OCD for the same subject lands that concern the administrative NSL application. These Cases are 24826 and 24827, and as a result, Alpha Energy and Permian Resources are currently in negotiations that may address both the pooling cases and the related NSL application.

As a result, I respectfully ask that the OCD allow the administrative NSL application to remain in place as a pending NSL application to see if the protest can be resolved. The parties are also discussing objections to the related pooling applications. Cases 24826 and 24827 are set for another status conference in the latter part of November and the parties may be looking at a

hearing date in December.

That is the current timeline we are looking at, and I will inform you of any updates regarding the NSL application as they arise.

Thanks for your patience in this matter. Please let me know if this arrangement is agreeable.

Darin

**Re: Alpha Energy Partners, LLC**  
**Request for Administrative Approval of Unorthodox Well Location**

The Dude Fee Com 20/19 #802H (API No. Pending)  
S/2 of Sections 19 and 20, Township 22 South, Range 27 East, Eddy County, New Mexico  
Purple Sage; Wolfcamp Pool (Code 98220)

Dear Mr. Razatos,

In accordance with Division Rules 19.15.16.15(C)(6) and 19.15.15.13 NMAC and applicable rules governing acreage and well location requirements for the Purple Sage; Wolfcamp Pool (Code 98220), Alpha Energy Partners, LLC ("AEP") (OGRID No. 330859) seeks administrative approval of an unorthodox well location for its The Dude Fee 802H well, in a 634.36-acre, more or less, horizontal spacing unit underlying the S/2 of Sections 19 and 20, Township 22 South, Range 27 East, Eddy County, New Mexico.

The location for **The Dude Fee Com 20/19 #802H** well is as follows:

- Surface Hole Location: 2228' FEL and 2247' FSL (Unit J) of Section 21
- First Take Point: 330' FEL and 2590' FSL (Lot 1) of Section 20 (the First Take Point is also located 100' South of the outer boundary of the spacing unit)
- Last Take Point: 330' FWL and 2602' FSL (Lot 3) of Section 19 (the Last Take Point is also located 100' South of outer boundary of the spacing unit)
- Bottom Hole Location: 100' FWL and 2604' FSL (Lot 3) of Section 19 (the Bottom Hole Location is also located 100' South of the outer boundary of the spacing unit)

Since this acreage is governed by the Division's special pool rules included in Order No. R-14262, the completed interval of the well will be unorthodox because it is closer than 330' to the northern boundary of the existing horizontal spacing unit. As explained in the engineering statements included as **Exhibit A**, approval of the unorthodox, completed interval is necessary to

allow AEP to use a non-standard location for The Dude Fee Com 20/19 #802H well in order to reduce stranded resources, minimize the reserves left in the ground, and overall improve productivity of the well and spacing unit. The approval of an unorthodox well location will prevent waste and protect correlative rights.

**Exhibit C** is a plat for Sections 17, 18, 19, 20, 21, 28, 29, and 30 of Township 22 South, and Section 24 of Township 21 South, that shows The Dude Fee Com 20/19 #802H well in relation to the adjoining tracts/proposed spacing units. The designated operator of the offset spacing unit is AEP.

**Exhibit D** is a spreadsheet that identifies affected persons who were sent a copy of this application and attachments by certified mail advising that any objections must be filed in writing with the Division within 20 days from the date the Division receives the application.

Thank you for your attention to this matter. Please let me know if you require additional information.

Very truly yours,

RE: Application for Nonstandard Location  
Alpha Energy Partners, LLC  
The Dude Fee Com 802H  
Sections 19 and 20 Township 22 South, Range 27 East  
Eddy County, New Mexico

To Whom it May Concern,

Alpha Energy Partners, LLC respectfully requests administrative approval of a non-standard location for The Dude Fee Com 802H to allow the completed intervals to be less than 330 feet from the boundary of the existing spacing unit. The Dude Fee Com 802H is located in the Purple Sage Wolfcamp Gas Pool (Pool Code 98220). It is Alpha's responsibility as a prudent operator to minimize the reserves left in the ground. Alpha requests approval of this non-standard location to prevent waste of natural resources and increase the ultimate recovery of reserves.

Sincerely,

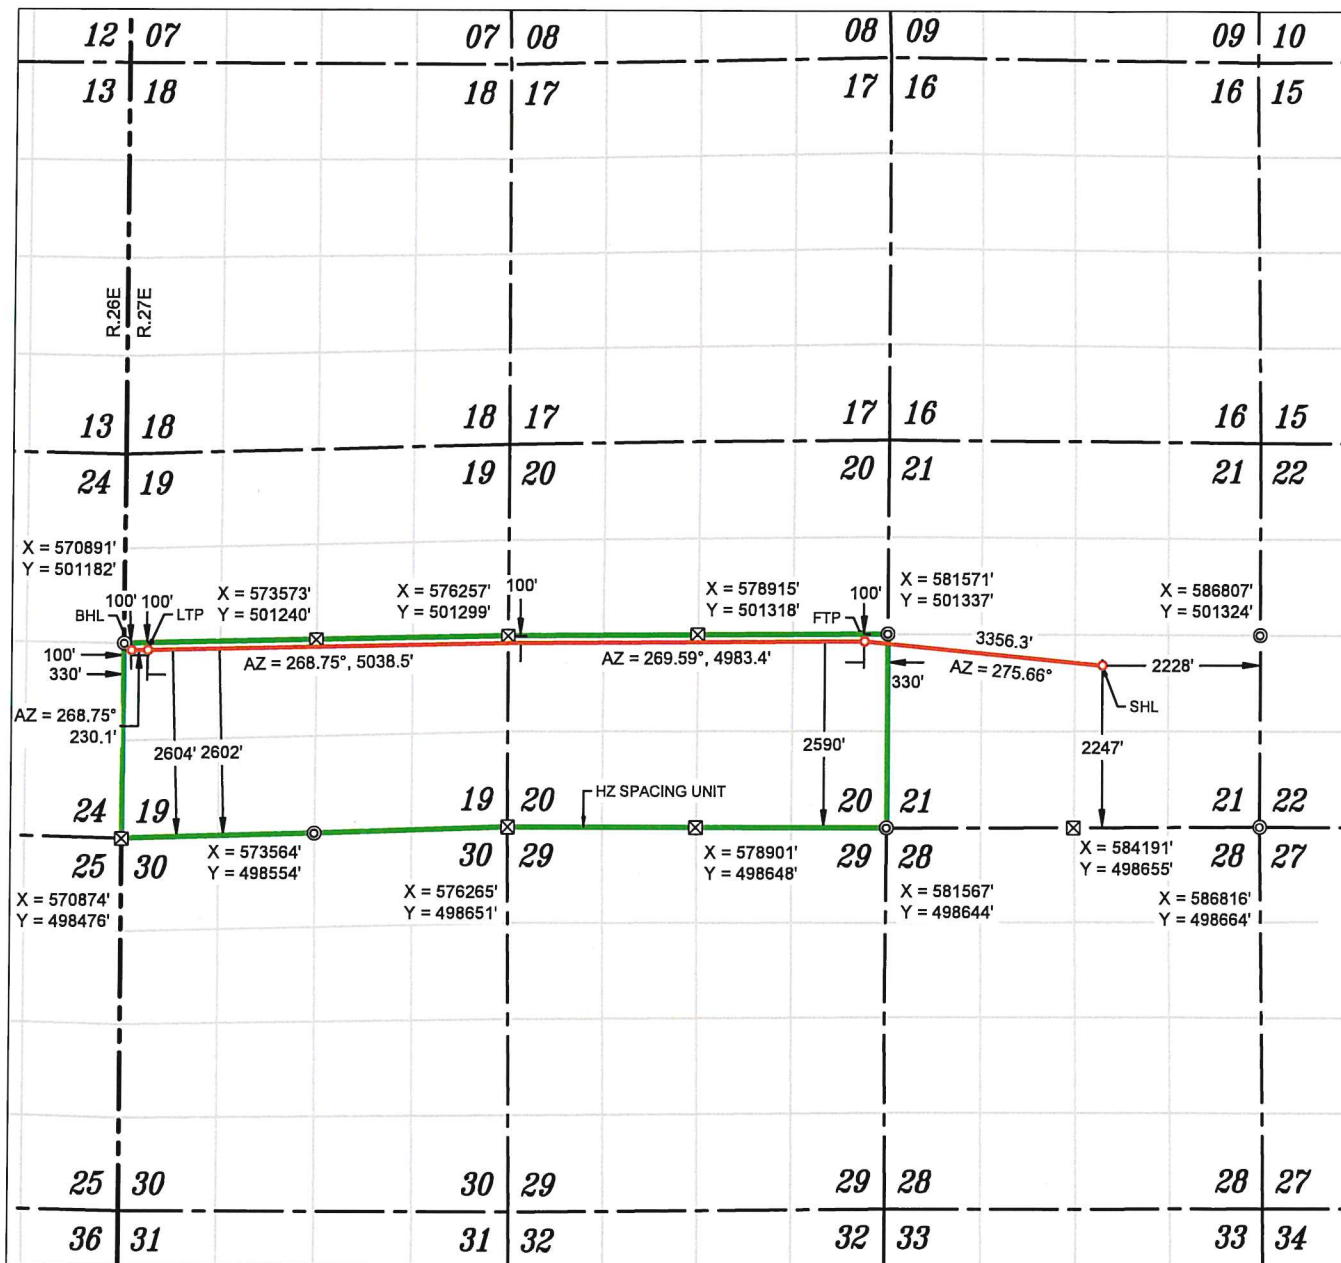

**Elizabeth Sollee, P.E**  
Reservoir Engineer
