Re: Request for 1-year SWD Extension
UIC Class II Permit SWD-2539
Le Mans SWD #1
30-015-55175
343 feet from the South line and 340 feet from the East line, Unit P,
Section 19, Township 20 S, Range 27 E, NMPM, Eddy County New
Mexico. Latitude/ Longitude: 32.552862 N; 104.313012W (NAD 83)

Mr. Dean McClure,

Permian Resources Operating, LLC (372165) respectfully requests a (1) year SWD/Injection extension on the well above. We were not able to drill and commence injection this first year due to lease obligations but we have plans to drill late this year or early 2026.

Please, let me know if you need additional information.

Sincerely,

A handwritten signature in blue ink, appearing to read "K. Schlichting".

Good morning Kanicia,

Attached is the signed Extension of Injection Authority for the subject administrative order. Please ensure that you understand the provisions of the extension order. Please contact the UIC team with any questions about the extension order or its content.

Thank you,

Stacy Sandoval

Hi Stacy,

Just following up to see if you had a chance to review this yet. I can also send this all to you in Excel spreadsheet.

Please let me know if you need additional information.

Thank you,

Stacy,

Below is our updated AOR.

- We found that the Lessor and Operators have all been previously notified.
- In our well list, there are 2 new wells in the Wolfcamp formation that have not been drilled yet, everything else remains the same.

I have not been involved in SWDs in a while, so please let me know if I'm missing anything or if you need additional information.

Below is the Wells w/in 0.5 mile:

And here is the Lease info:

Figure 1 is a map of the study area in the North Sea. The map shows a coordinate grid with latitude (N) and longitude (E) values. A red circle highlights the study site, and a larger red circle highlights the study area. The map includes labels for various locations, including VC08340001, VC08200001, VC08420000, and VC08540000. The map also shows the location of the study site (red circle) and the location of the study area (red circle). The map includes a scale bar and a north arrow.

Good afternoon Kanicia,

The OCD has received your request for an extension of time for SWD-2539 and your request was submitted in a timely manner. A review of the original AOR needs to be completed looking for any new well penetrations and new "affected persons". If any new "affected persons" are found they must be noticed. Once the review is complete please share the results with the UIC team. If you have any questions please let me know.

Thank you,
Stacy Sandoval
