Re: Application of EOG Resources, Inc. for administrative approval of a 960-acre non-standard horizontal spacing unit in the Wolfcamp formation, (PITCHFORK RANCH; WOLFCAMP, SOUTH (96994)) comprised of the W/2 Sections 15, 22, and 27 T25S-R34E, NMPM, Lea County, New Mexico.

Dear Director Chang,

Pursuant to 19.15.16.15(B)(5) NMAC, EOG Resources, Inc. ("EOG") (OGRID No. 7377) seeks administrative approval of a non-standard 960-acre horizontal spacing unit comprised of the W/2 Section 15, 22, and 27 T25S-R34E, NMPM, Lea County, New Mexico. The proposed non-standard spacing will be developed by the following wells:

- PISTOLERO 15 FED COM 741H (30-025-53619) Proposed Well
- PISTOLERO 15 FED COM 742H (30-025-53621) Proposed Well
- PISTOLERO 15 FED COM 751H (30-025-53618) Proposed Well
- PISTOLERO 15 FED COM 752H (30-025-53620) Proposed Well

The Division has placed these wells into the PITCHFORK RANCH; WOLFCAMP, SOUTH (96994). The wells in the proposed non-standard spacing unit have not been drilled. The acreage included in the non-standard spacing unit will be the subject of a single Communitization Agreement.

EOG seeks administrative approval of a non-standard spacing unit to develop the acreage as a single communitized area. Doing so allows EOG to efficiently locate surface facilities, reduce surface disturbance, consolidate roads, tanks and pipelines, and promote effective well spacing, thereby promoting conservation and preventing waste. A single surface facility also reduces emissions from multiple tank batteries. Division Rules contemplate and encourage oil and gas development, where possible, in enlarged areas of common ownership to minimize surface disturbance and to promote efficient well spacing, *see, e.g.,* 19.15.16.7.P NMAC; 19.15.16.15.B(8)

NMAC; 19.15.16.15.C(7) NMAC, and authorize administrative approval of such a request, *see* 19.15.16.15(B)(5) NMAC.

Exhibit A - Map showing the proposed non-standard spacing unit, the subject leases, and the proposed wells.

Exhibit B - Copy the Well Location and Acreage Dedication Plat (C-102) for each of the wells within the proposed non-standard spacing unit.

Exhibit C - Lease map showing the notice tracts for the proposed non-standard spacing unit.

Exhibit D - Cross section exhibit showing the Wolfcamp target for these subject wells.

Exhibit E - A list of parties affected by this application, tracking information and proof of mailing. Affected parties were provided a copy of the application with all attachments by certified mail, along with notice that any objection must be filed in writing with the Division within 20 days from the date the Division receives the application. A copy of this application has been provided to the State Land Office and Bureau of Land Management since state and federal lands are involved.

Exhibit F - Copy of the notice letter to affected parties

Thank you for your attention to this matter.

Sincerely,

Kayla McConnell
