

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**APPLICATION OF CIMAREX ENERGY CO.,
FOR A HORIZONTAL SPACING UNIT AND
COMPULSORY POOLING, LEA COUNTY, NEW MEXICO**

Case Nos. 22754, 22755
and 22756

SUPPLEMENTAL AFFIDAVIT OF JOHN COFFMAN

STATE OF TEXAS)
) ss.
COUNTY OF MIDLAND)

I, being duly sworn on oath, state the following:

1. I am over the age of eighteen years and have the capacity to execute this Affidavit, which is based on my personal knowledge.

2. I am employed as a Landman with Cimarex Energy Co. ("Cimarex"), and I am familiar with the subject application and the lands involved.

3. I graduated in 2018 from Texas Tech University with a bachelor's degree in Business Administration with an emphasis on Energy Commerce. I have worked at Cimarex for approximately 4 years, and I have been working in New Mexico for 4 years. My credentials as a petroleum landman have been accepted by the New Mexico Oil Conservation Division ("Division") and made a matter of record.

4. This affidavit is submitted in connection with the filing by Cimarex of the above-referenced spacing and compulsory pooling application pursuant to 19.15.4.12.A(1).

5. In my Landman Affidavit I provided at the May 5, 2022, hearing, I correctly described the depth severance for the Mescalero Ridge 21-28 Federal Com 2H Well as including all of the 3rd

Bone Spring formation, from the top of the 3rd Bone Spring to the base of the 3rd Bone Spring. However, I had a clerical error in the numerical description of the base of the 2nd Bone Spring, listing at 10,527 ft, when it should have been 10,290 ft, which shows sufficient spacing of 478 ft for operations between the top and the base of the 3rd Bone Spring. Extending the depth to the base of the 3rd Bone Spring was correctly described and stated as the intent of the development plan, and all the owners in the entire 3rd Bone Spring formation were provided notice of the extent of the depth to the base pursuant to 19.15.4.9 NMAC and 19.15.4.12(A). I am providing this Supplemental Affidavit to inform the Division of the scrivener's error and respectfully ask the Division to accept the correction of this oversight.

6. The granting of this Application is in the best interests of conservation, the prevention of waste, and the protection of correlative rights, and will avoid the drilling of unnecessary wells.

7. The foregoing is correct and complete to the best of my knowledge and belief.
