CASE NO. 25577

APPLICATION

XTO Energy, Inc. ("XTO" or "Applicant"), through its undersigned attorneys, hereby files this application with the Oil Conservation Division pursuant to the provisions of NMSA 1978, § 70-2-17, for an order pooling all uncommitted record title owners in the Wolfcamp formation underlying a standard 447.9-acre, more or less, horizontal well spacing unit comprised of the W/2 of Section 25 and the N/2 NW/4 and Lots 1 and 2 (NW/4 equivalent) of irregular Section 36, Township 26 South, Range 29 East, NMPM, Eddy County, New Mexico. In support of its application, XTO states:

1. Applicant is a working interest owner in the proposed horizontal spacing unit and has the right to drill thereon.
2. Applicant seeks to initially dedicate the above-referenced horizontal spacing unit to the drilled and producing **Ross Draw Federal Com 25-36 131H** (API No. 30-015-45590) and the **Ross Draw 25-36 Federal Com 161H** (API No. 30-015-45591) wells, both with surface locations in the NW/4 NW/4 (Unit D) of Section 25, first take points in the NW/4 NW/4 (Unit D) of Section 25 and last take points in Lot 1 (SW/4 NW/4 equivalent) of irregular Section 36; the **Ross Draw 25-36 Federal Com 102H** (API No. 30-015-45585), **Ross Draw 25-36 Federal Com 103H** (API No. 30-015-45595), and **Ross Draw 25-36 Federal Com 123H** (API No. 30-015-45596) wells, all with surface locations in the NE/4 NW/4 (Unit C) of Section 25, first take points

in the NE/4 NW/4 (Unit C) of Section 25 and last take points in Lot 2 (SE/4 NW/4 equivalent) of irregular Section 36; and the **Ross Draw 25-36 Fed 101H** (API No. 30-015-45587) and **Ross Draw 25-36 Fed 122H** (API No. 30-015-45589) wells, both with surface locations in the SW/4 SW/4 (Unit M) of Section 24, first take points in the NW/4 NW/4 (Unit D) of Section 25 and last take point in Lot 1 (SW/4 NW/4 equivalent) of irregular Section 36.

3. Applicant has sought and been unable to obtain the signatory approval on the state communization agreement from all the record title owners.

4. The pooling of record title owners will allow Applicant to obtain a just and fair share of the oil and gas underlying the subject lands, avoid the drilling of unnecessary wells, will prevent waste, and will protect correlative rights.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on September 11, 2025, and, after notice and hearing as required by law, the Division enter an order:

- A. Pooling all uncommitted record title owners in the horizontal spacing unit; and
- B. Designating Applicant as operator of this spacing unit and the horizontal wells drilled thereon.

CASE NO. 25577

SELF-AFFIRMED STATEMENT OF CHAD SMITH

1. My name is Chad Smith, and I am employed by XTO Energy Inc. ("XTO") as a landman.

2. I have not previously testified before the New Mexico Oil Conservation Division ("Division") as an expert witness in petroleum land matters. I have included a copy of my resume as **XTO Exhibit C-1** for the Division to review and respectfully request that my credentials be accepted as a matter of record, and that I be tendered as an expert in land matters.

3. I am familiar with the application filed by XTO in this case, and I am familiar with the status of the lands in the subject area.

4. XTO seeks an order pooling all uncommitted record title owners in the Wolfcamp formation underlying a standard 447.9-acre, more or less, horizontal well spacing unit comprised of the W/2 of Section 25 and the N/2 NW/4 and Lots 1 and 2 (NW/4 equivalent) of irregular Section 36, Township 26 South, Range 29 East, NMPM, Eddy County, New Mexico. 102H (API No. 30-015-45585), **Ross Draw 25-36 Federal Com 103H** (API No. 30-015-45595), and **Ross Draw 25-36 Federal Com 123H** (API No. 30-015- 45596) wells, all with surface locations in the NE/4 NW/4 (Unit C) of Section 25, first take points in the NE/4 NW/4 (Unit C) of Section 25 and last take points in Lot 2 (SE/4 NW/4 equivalent) of irregular Section 36; and the **Ross Draw 25-36 Fed 101H** (API No. 30-015-45587) and **Ross Draw 25-36 Fed 122H** (API No. 30-015-45589) wells, both with surface locations in the SW/4 SW/4 (Unit M) of Section 24, first take points in the NW/4 NW/4 (Unit D) of Section 25 and last take point in Lot 1 (SW/4 NW/4 equivalent) of irregular Section 36.

5. **XTO Exhibit C-2** contains a Form C-102 for the wells. This form demonstrates that the wells are in the Purple Sage; Wolfcamp (Gas) [98220]. The completed interval for all the wells (except the Ross Draw 25-36 Federal Com 103H) meet the Purple Sage Special Pool Rules; the Ross Draw 25-36 Federal Com 103H has an approved non-standard well location (NSL-8092).

6. **XTO Exhibit C-3** identifies the tracts of land comprising the spacing unit and the lateral of the Ross Draw 25-36 Fed 122H. The acreage is comprised of state and federal lands.

7. XTO has reached a voluntary agreement with all working interest owners in this unit but seeks a pooling order for record title owners, which are non-cost bearing interest owners, who have yet to execute the necessary state communitization agreement. The parties that XTO seeks to pool are highlighted in yellow in XTO Exhibit C-3.

8. XTO has reviewed public records, conducted online computer searches and, where applicable, contacted known relatives to locate contact information for all interest owners that it seeks to pool. XTO has been able to locate addresses for all the owners it seeks to pool.

9. Because the interest XTO seeks to pool is a non-cost bearing interest, XTO is not requesting to assess a proportionate share of costs, risk charges, or overhead and administrative costs for drilling and producing the wells.

10. XTO has provided the law firm of Holland & Hart LLP with the names and addresses of the record title owners XTO seeks to pool and instructed that they be notified of this hearing.

11. **XTO Exhibits C-1 through C-3** were either prepared by me or compiled under my direction and supervision.

12. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

CASE NO. 25577

SELF-AFFIRMED STATEMENT OF MATTHEW KEARNEY

1. My name is Matthew W. Kearney, and I am employed by XTO Energy Inc. (“XTO”) as a geologist.
2. I have previously submitted my resume but have not yet testified before the New Mexico Oil Conservation Division (“Division”) as an expert witness in geology matters.
3. I am familiar with the application filed by XTO in this case, and I have conducted a geologic study of the lands in the subject area.
4. **XTO Exhibit D-1** is a regional map showing the location of the subject acreage outlined in red.
5. **XTO Exhibit D-2** is a subsea structure map on top of the Wolfcamp Formation, with contour intervals of 100 feet. XTO’s spacing unit is outlined in red, and the general location of the drilled wells are identified with a thin red line and circle at the bottomhole location. This exhibit demonstrates that the interval dips gently to the east. The Wolfcamp structure appears consistent across the wellbore paths. I do not observe any faulting, pinchouts, or other geologic impediments in the spacing unit.
6. XTO Exhibit D-2 also depicts a line of cross section through the horizontal spacing unit from A to A’. I chose the logs from these wells to create the cross section because they

Case no. 25577

penetrate the targeted interval and are of good quality. In my opinion, these well logs are representative of the geology in the subject area.

7. **XTO Exhibit D-3** is a structural cross section that I prepared using the logs from the representative wells shown on XTO Exhibit D-2. Each well on the cross-section contains gamma ray, resistivity, and porosity logs. The interval for the wells are identified on the exhibit with red arrows. The cross-section demonstrates that the interval is continuous across the proposed spacing unit.

8. My geologic study indicates the Wolfcamp Formation underlying the subject area is suitable for development by horizontal wells and the acreage comprising the horizontal spacing unit is productive and will continue to contribute proportionately to the production from the drilled wells.

9. In my opinion, the standup orientation of the wells are consistent with the existing development in this area and appropriate due to the geologic stress.

10. In my opinion, approval of this application is in the best interest of conservation, the prevention of waste, and protection of correlative rights.

11. **XTO Exhibits D-1 through D-3** were either prepared by me or compiled under my direction and supervision.

12. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

Ladies & Gentlemen:

This letter is to advise you that XTO Energy, Inc. has filed the enclosed application with the New Mexico Oil Conservation Division. A hearing has been requested before a Division Examiner on September 11, 2025, and the status of the hearing can be monitored through the Division's website at <https://www.emnrd.nm.gov/ocd/>.

It is anticipated that hearings will be held in a hybrid format with both in-person and virtual participation options. The meeting will be held in the Pecos Hall Hearing Room at the Wendall Chino Building, 1st Floor, 1220 South St. Francis Dr., Santa Fe, New Mexico. To participate virtually in the hearing, see the instructions posted on the OCD Hearings website: <https://www.emnrd.nm.gov/ocd/hearing-info/>.

You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date. Parties appearing in cases are required to file a Pre-hearing Statement four business days in advance of a scheduled hearing that complies with the provisions of NMAC 19.15.4.13.B.

If you have any questions about this matter, please contact Chad Smith at (281) 939-3707 or chad.d.smith@exxonmobil.com.

Sincerely,

A handwritten signature in blue ink that appears to read "Paula M. Vance".
