CASE NO. 26086

NOTICE OF AMENDED EXHIBIT PACKET

As requested by the Oil Conservation Division at the May 7, 2026 hearing, COG Operating LLC is submitting the attached amended exhibit packet. The amended exhibit packet includes the following geology exhibits correcting the depicted spacing unit size: Amended Locator Map (Exhibit B-1); Amended Subsea Structure Map (Exhibit B-2); and Amended Cross-Section Location Map (Exhibit B-3).

Respectfully submitted,

DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION

APPLICATION OF COG OPERATING LLC
FOR COMPULSORY POOLING AND APPROVAL
OF NON-STANDARD SPACING UNIT,
LEA COUNTY, NEW MEXICO.

CASE NO. 26086

SELF-AFFIRMED STATEMENT
OF CAROLINE FREDERICK

1. I am an Associate Land Negotiator with COG Operating LLC (“COG”). I am over 18 years of age, have personal knowledge of the matters addressed herein, and am competent to provide this Self-Affirmed Statement. I have previously testified before the New Mexico Oil Conservation Division (“Division”), and my credentials as an expert in petroleum land matters were accepted and made a matter of record.

2. Copies of COG’s application and proposed hearing notice are attached as **Exhibit A-1**.

3. None of the parties proposed to be pooled in this case indicated opposition to this matter proceeding by affidavit; therefore, I do not expect any opposition at the hearing.

4. COG seeks to pool all uncommitted interests in the Bone Spring formation underlying a 720-acre, more or less, non-standard horizontal spacing unit comprised of the SW/4 and W/2 SE/4 of Section 29, and the W/2 and W/2 E/2 of Section 32, Township 25 South, Range 35 East, Lea County, New Mexico (“Unit”).

5. The Unit will be dedicated to the following wells (“Wells”):

- a. **Boater Federal Com 601H**, which will be drilled from a surface hole location in the SW/4 NW/4 (Unit E) of Section 29, to a bottom hole location in the SW/4 SW/4 (Unit M) of Section 32;

COG Operating LLC
Case No. 26086
Exhibit A

b. **Boater Federal Com 602H**, which will be drilled from a surface hole location in the SE/4 NW/4 (Unit F) of Section 29, to a bottom hole location in the SE/4 SW/4 (Unit N) of Section 32; and

c. **Boater Federal Com 603H**, which will be drilled from a surface hole location in the SW/4 NE/4 (Unit G) of Section 29, to a bottom hole location in the SW/4 SE/4 (Unit O) of Section 32.

6. The completed intervals of the Wells will be orthodox.

7. COG's request for approval of a non-standard spacing unit will allow it to consolidate surface facilities and will consequently prevent surface, environmental, and economic waste.

a. The non-standard unit will allow COG to minimize surface use. Centralizing equipment for facilities for the Wells will reduce the total acreage needed for surface facilities by 4.63 acres of the total amount that would be necessary absent a non-standard unit.

a. Surface facilities and equipment, pipelines, and rights-of-way for one well cost approximately \$984,522. While the centralized facilities will be larger, so that they may handle production from multiple wells, I estimate the overall savings, if a non-standard unit is approved, will be approximately \$9,800,000. This will reduce the overall well costs and improve economics for the wells.

b. A common facility also reduces the number of flares COG may need to use in the case of an emergency from 4 to 2. Additionally, the VOC reduction is nearly 50%.

8. As a result, approval of a non-standard spacing unit is necessary to prevent waste and protect correlative rights.

9. A plat showing the offset tracts and the parties that were noticed of the non-standard spacing unit is attached as **Exhibit A-2**.

10. **Exhibit A-3** contains the C-102s for the Wells.

11. **Exhibit A-4** contains a plat identifying ownership by tract in the Unit. This exhibit also includes any applicable lease numbers, a unit recapitulation, and the interests COG seeks to pool highlighted in yellow.

12. COG has conducted a diligent search of all county public records, including phone directories and computer databases, as well as internet searches, to locate the interest owners it seeks to pool.

13. **Exhibit A-5** contains a sample well proposal letter and AFEs sent to working interest owners for the Wells. The estimated costs reflected on the AFEs are fair and reasonable and comparable to the cost of other wells of similar depth and length drilled in the subject formation in the area. Exhibit A-5 also contains a sample ratification agreement, sent to Record Title and overriding royalty interest owners that COG seeks to pool.

14. In my opinion, COG made a good-faith effort to reach voluntary joinder of uncommitted interests in the Wells as indicated by the chronology of contact described in **Exhibit A-6**.

15. The Ownership Commitment Exhibit is attached as **Exhibit A-7**. This exhibit includes a list of all owners in the Unit and identifies each owner's ownership status, whether the owner has committed to the proposed spacing unit, and the type of commitment, *i.e.*, whether a signed letter of commitment, joint operating agreement, or verbal agreement.

16. COG requests that it be designated as the operator of the Unit and the Wells. COG requests overhead and administrative rates of \$14,000 per month while the Wells are being drilled and \$1,400 per month while the Wells are producing. These rates are fair and are comparable to the rates charged by COG and other operators in the vicinity.

17. The attached exhibits were either prepared by me or under my supervision or were compiled from company business records.

18. In my opinion, the granting of COG's application would serve the interests of conservation, the protection of correlative rights, and the prevention of waste.

19. I understand this Self-Affirmed Statement will be used as written testimony in this case. I affirm that my testimony above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date next to my electronic signature below.

Caroline Frederick

**APPLICATION OF COG OPERATING LLC
FOR COMPULSORY POOLING AND APPROVAL
OF NON-STANDARD SPACING UNIT,
LEA COUNTY, NEW MEXICO.**

CASE NO. 26086

APPLICATION

Pursuant to NMSA 1978, Section 70-2-17, COG Operating LLC (OGRID No. 229137) (“COG” or “Applicant”) applies for an order pooling all uncommitted interests in Bone Spring formation underlying a 720-acre, more or less, non-standard horizontal spacing unit comprised of the SW/4 and W/2 SE/4 of Section 29, and the W/2 and W/2 E/2 of Section 32, Township 25 South, Range 35 East, Lea County, New Mexico (“Unit”). In support of this application, COG states the following.

1. Applicant is a working interest owner in the Unit and has the right to drill wells thereon.
2. Applicant seeks to dedicate the Unit to the following wells (“Wells”):
 - a. **Boater Federal Com 601H**, which will be drilled from a surface hole location in the SW/4 NW/4 (Unit E) of Section 29, to a bottom hole location in the SW/4 SW/4 (Unit M) of Section 32;
 - b. **Boater Federal Com 602H**, which will be drilled from a surface hole location in the SE/4 NW/4 (Unit F) of Section 29, to a bottom hole location in the SE/4 SW/4 (Unit N) of Section 32; and
 - c. **Boater Federal Com 603H**, which will be drilled from a surface hole location in the SW/4 NE/4 (Unit G) of Section 29, to a bottom hole location in the SW/4 SE/4 (Unit O) of Section 32.

**COG Operating LLC
Case No. 26086
Exhibit A-1**

3. The completed intervals of the Wells will be orthodox.

4. Applicant requests approval of a non-standard horizontal spacing unit pursuant to Rule 19.15.16.15(B)(5) NMAC, which will create cost efficiencies, prevent waste, and protect correlative rights.

5. Applicant has undertaken diligent, good-faith efforts to obtain voluntary agreements from all interest owners to participate in the drilling of the Wells but has been unable to obtain voluntary agreements from all interest owners.

6. The pooling of uncommitted interests will avoid the drilling of unnecessary wells, prevent waste, and protect correlative rights.

7. In order to allow Applicant to obtain its just and fair share of the oil and gas underlying the subject lands, all uncommitted interests in the Unit should be pooled and Applicant should be designated the operator of the Wells and Unit.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on May 7, 2026, and, after notice and hearing as required by law, the Division enter an order:

- A. Pooling all uncommitted interests in the Unit;
- B. Approving the Wells in the Unit;
- C. Approving the non-standard spacing Unit;
- D. Designating Applicant as operator of the Unit and the Wells to be drilled thereon;
- E. Authorizing Applicant to recover its costs of drilling, equipping and completing the Wells;
- F. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the

COPAS accounting procedures; and

- G. Imposing a 200% penalty for the risk assumed by Applicant in drilling and completing the Wells against any working interest owner who does not voluntarily participate in the drilling of the Wells.

Respectfully submitted,

COUNSEL FOR COG OPERATING LLC

Application of COG Operating LLC for Compulsory Pooling and Approval of Non-Standard Spacing Unit, Lea County, New Mexico. Applicant seeks an order pooling all uncommitted interests in the Bone Spring formation underlying a 720-acre, more or less, non-standard, horizontal spacing unit comprised of the SW/4 and W/2 SE/4 of Section 29, and the W/2 and W/2 E/2 of Section 32, Township 25 South, Range 35 East, Lea County, New Mexico (“Unit”). The Unit will be dedicated to the following wells (“Wells”): **Boater Federal Com 601H**, which will be drilled from a surface hole location in the SW/4 NW/4 (Unit E) of Section 29, to a bottom hole location in the SW/4 SW/4 (Unit M) of Section 32; **Boater Federal Com 602H**, which will be drilled from a surface hole location in the SE/4 NW/4 (Unit F) of Section 29, to a bottom hole location in the SE/4 SW/4 (Unit N) of Section 32; and **Boater Federal Com 603H**, which will be drilled from a surface hole location in the SW/4 NE/4 (Unit G) of Section 29, to a bottom hole location in the SW/4 SE/4 (Unit O) of Section 32. The completed intervals of the Wells will be orthodox. Applicant requests approval of a non-standard horizontal spacing unit pursuant to Rule 19.15.16.15(B)(5) NMAC, which will create cost efficiencies, prevent waste, and protect correlative rights. Also to be considered will be the cost of drilling and completing the Wells, the allocation of the costs, the designation of Applicant as operator of the Wells and the Unit, and a 200% charge for the risk involved in drilling and completing the Wells. The Wells are located approximately 12 miles Southwest of Jal, New Mexico.

This grid represents a standard section. You may superimpose a non-standard section, or larger area, over this grid. Operators must outline the dedicated acreage in a red box, clearly show the well surface location and bottom hole location, if it is directionally drilled, with the dimensions from the section lines in the cardinal directions. If this is a horizontal wellbore show on this plat the location of the First Take Point and Last Take Point, and the point within the Completed interval (other than the First Take Point or Last Take Point) that is closest to any outer boundary of the tract.

Surveyors shall use the latest United States government survey or dependent resurvey. Well locations will be in reference to the New Mexico Principal Meridian. If the land is not surveyed, contact the OCD Engineering Bureau. Independent subdivision surveys will not be acceptable.

**Re: Well Proposal – Boater Federal Com – Bone Spring
Township 25 South – Range 35 East, N.M.P.M.
S2 of Section 29, All of Section 32
 Lea County, New Mexico**

Dear Interest Owner,

COG Operating LLC (“COG”), as Operator, hereby proposes to drill the following wells in the S2 of Section 29, All of Section 32, Township 25 South, Range 35 East, Lea County, New Mexico:

Well Name and Number	Boater Federal Com 601H
TVD	12,380’ (Bone Spring)
Surface hole location*	2,365’ FNL, 1,320’ FWL of Section 29
First take point*	2,540’ FSL, 608’ FWL of Section 29
Last take point*	100’ FSL, 608’ FWL of Section 32
Bottom hole location*	50’ FSL, 608’ FWL of Section 32
Estimated well cost	\$8,568,308.72, see attached Authority for Expenditure (“AFE”)

Well Name and Number	Boater Federal Com 602H
TVD	12,380’ (Bone Spring)
Surface hole location*	2,365’ FNL, 1,410’ FWL of Section 29
First take point*	2,540’ FSL, 2,080’ FWL of Section 29
Last take point*	100’ FSL, 2,080’ FWL of Section 32
Bottom hole location*	50’ FSL, 2,080’ FWL of Section 32
Estimated well cost	\$8,568,308.72, see attached Authority for Expenditure (“AFE”)

COG Operating LLC
Case No. 26086
Exhibit A-5

COG Operating LLC is a wholly owned subsidiary of ConocoPhillips

Well Name and Number	Boater Federal Com 603H
TVD	12,380' (Bone Spring)
Surface hole location*	2,365' FNL, 1,445' FEL of Section 29
First take point*	2,540' FSL, 1,750' FEL of Section 29
Last take point*	100' FSL, 1,750' FEL of Section 32
Bottom hole location*	50' FSL, 1,750' FEL of Section 32
Estimated well cost	\$8,568,308.72, see attached Authority for Expenditure ("AFE")

*Approximate location

COG proposes the wells under the terms of a new Operating Agreement which is included for your review and approval. The Operating Agreement has the following general provisions:

100%/300% Non-Consenting Penalty;
 \$19,134 Drilling and \$1,913 Producing Rate; and
 COG Operating LLC named as Operator

In the event you wish not to participate, COG would like to discuss the term assignment of your interest to COG. Please inform me if you are interested in a term assignment via email at caroline.frederick@conocophillips.com.

The Term Assignment offer terminates December 30th, 2025, and is subject to the approval of COG's management and verification of title.

If an agreement is not reached within 30 days of the date of this letter, COG will apply to the New Mexico Oil Conservation Division for compulsory pooling of your interest into horizontal spacing units for the proposed wells.

Please indicate your participation election in the space provided, sign, and return this letter, along with a signed copy of the enclosed AFE and fully executed signature pages to the JOA in the enclosed postage paid envelope.

If you have any questions, please do not hesitate to contact me at 432.222.4721 or by email at caroline.frederick@conocophillips.com.

Sincerely,

Caroline Frederick

Re: Legal Description Correction – Boater Federal Com – Bone Spring

Dear Interest Owner,

On December 10, 2025, COG Operating LLC (“COG”), as Operator, proposed to drill the Boater Federal Com wells in the Bone Spring formation in Sections 29 and 32, T25S-R35E, Lea County, New Mexico, as to the following description:

Township 25 South – Range 35 East, N.M.P.M.
S2 of Section 29, All of Section 32
Lea County, New Mexico

This letter is to notify you of the correction of legal description from the above to the following:

Township 25 South – Range 35 East, N.M.P.M.
SW4, W2SE4 of Section 29, W2, W2E2 of Section 32
Lea County, New Mexico

AFE values, well count, and well spacing for this unit have **NOT** changed.

If you have any questions, please do not hesitate to contact me at 432.222.4721 or by email at caroline.frederick@conocophillips.com.

Sincerely,

Caroline Frederick

Caroline Frederick
Associate Land Negotiator
North Delaware Basin East

**RATIFICATION OF COMMUNITIZATION AGREEMENT
BOATER FEDERAL COM – BONE SPRING**

STATE OF NEW MEXICO §
 §
COUNTY OF LEA §

COG Operating LLC, as Operator, executed a Communitization Agreement, effective as of the date therein, communitizing and combining the oil and gas leases set forth therein, insofar as they cover the communitized area for **Boater Federal Com** spacing and proration unit comprised of the SW4, W2SE4 of Section 29, and the W2, W2E2 of Section 32, Township 25 South, Range 35 East, N.M.P.M., Lea County, New Mexico, as to the Bone Spring formation.

EOG Resources, Inc., whose address is **5509 Champions Drive, Midland, TX 79706**, is the owner of an overriding royalty interest located in a portion of the communitized area located in the SW4, W2SE4 of Section 29, and the W2, W2E2 of Section 32, Township 25 South, Range 35 East, N.M.P.M., Lea County, New Mexico.

EOG Resources, Inc. to adopt, ratify and confirm the Communitization Agreement insofar as it covers the right, title and interest of *EOG Resources, Inc.* in and to the oil and gas leases and the lands included in the communitized area created by COG Operating LLC.

In consideration of the premises, *EOG Resources, Inc.* does hereby adopt, ratify and confirm the above-described Communitization Agreement insofar as it covers its right, title and interest in the oil and gas leases and the lands included in communitized area, and agrees that its interest is subject to all of the terms and provisions therein.

This Ratification is effective as of the effective date of the above-referenced Communitization Agreement.

EOG Resources, Inc.

OF NON-STANDARD SPACING UNIT,
LEA COUNTY, NEW MEXICO.

CASE NO. 26086

SELF-AFFIRMED STATEMENT
OF TYLER PATRICK

1. I am a geologist with COG Operating LLC (“COG”). I am over 18 years of age, have personal knowledge of the matters addressed herein, and am competent to provide this Self-Affirmed Statement. I have previously testified before the New Mexico Oil Conservation Division (“Division”), and my credentials as an expert in petroleum geology were accepted and made a matter of record.

2. I am familiar with the geological matters that pertain to the application filed by COG in this case.

3. **Exhibit B-1** is a location map that identifies the Boater project area for the Bone Spring horizontal spacing unit that is the subject of this application. The map shows the approximate wellbore paths for the proposed **Boater Federal Com 601H, Boater Federal Com 602H** and **Boater Federal Com 603H** wells (“Boater Federal Com Wells”). The Boater Federal Com Wells are represented by pink dashed lines. This map also shows existing horizontal wells in the surrounding sections that are completed in the Bone Spring formation shown in solid purple lines.

4. **Exhibit B-2** is a subsea structure map that I prepared for the Bone Spring formation. The contour interval is 50 feet and data points used to construct the map are indicated as black well symbols. The proposed wells are depicted as described for Exhibit B-1. The structure map

COG Operating LLC
Case No. 26086
Exhibit B

shows the targeted formation gently dipping to the south. The structure appears consistent across the proposed spacing unit, and I do not observe any faulting, pinch outs, or other geologic impediments to drilling horizontal wells.

5. **Exhibit B-3** is a cross-section map that identifies two wells penetrating the targeted intervals used to construct a stratigraphic cross-section from A to A'. I chose the logs from these wells to create the cross-section because they penetrate the targeted intervals, are of good quality and have been subjected to petrophysical analysis of the targeted intervals. In my opinion, these well logs are representative of the geology in the subject area.

6. **Exhibit B-4** is a stratigraphic cross-section using the representative wells identified on Exhibit B-3. It contains gamma ray, resistivity and porosity logs. The proposed landing zones for the Wells are labeled on the exhibit. This cross-section demonstrates the target intervals are continuous across the Unit.

7. In my opinion, a stand-up orientation for the Wells is appropriate to properly develop the subject acreage because of consistent rock properties throughout the Unit and the preferred fracture orientation in the project area. Stand-up orientation is also consistent with the adjacent existing horizontal development.

8. Based on my geologic study of the area, the targeted interval underlying the Unit is suitable for development by horizontal wells and the tracts comprising the Unit will contribute more or less equally to the production of the Wells.

9. In my opinion, the granting of COG's application will serve the interests of conservation, the protection of correlative rights, and the prevention of waste.

10. The exhibits attached hereto were either prepared by me or under my supervision or were compiled from company business records.

11. I understand this Self-Affirmed Statement will be used as written testimony in this case. I affirm my testimony above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date identified next to my signature below.

SELF-AFFIRMED STATEMENT
OF JACLYN M. MCLEAN

1. I am attorney in fact and authorized representative of COG Operating LLC
the Applicant herein.

2. I am familiar with the Notice Letters attached as **Exhibit C-1**, and caused the Notice
Letters, along with the Application in this case, to be sent to the parties listed in the Postal Delivery
Report attached as **Exhibit C-2**.

3. Exhibit C-2 also provides the date the Notice Letters were sent, along with the
delivery status of each.

4. Electronic return receipts are attached as **Exhibit C-3** as supporting documentation
for proof of mailing and the information provided on Exhibit C-2.

5. On April 21, 2026, I caused a notice to be published in the Hobbs News-Sun. An
Affidavit of Publication from the legal clerk of the Hobbs News-Sun along with a copy of the
Notice Publication, is attached as **Exhibit C-4**.

6. I understand this Self-Affirmed Statement will be used as written testimony in the
subject case. I affirm that my testimony above is true and correct and is made under penalty of
perjury under the laws of the State of New Mexico. My testimony is made as of the date
handwritten next to my signature below.

TO: ALL PARTIES ENTITLED TO NOTICE

**Re: Case No. 26086 - Application of COG Operating, LLC for Compulsory Pooling and
Approval of a Non-Standard Spacing Unit, Lea County, New Mexico.**

To whom it may concern:

This letter is to advise you that the enclosed application was filed with the New Mexico Oil Conservation Division. The hearing will be conducted on **May 07, 2026**, beginning at 9:00 a.m.

The hearing will be conducted in a hybrid fashion, both virtually and in-person at the Energy, Minerals, Natural Resources Department, Wendell Chino Building, Pecos Hall, 1220 South St. Francis Drive, 1st Floor, Santa Fe, NM 87505. The hearing may be held only virtually at the discretion of the Division. To confirm the manner in which the hearing will be held, and to participate virtually, please visit the OCD Hearings website at the following link: <https://www.emnrd.nm.gov/ocd/hearing-info/>. You are not required to attend this hearing, but as an owner of an interest that may be affected by these applications, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Pursuant to Division Rule 19.15.4.13.B, a party who intends to present evidence at the hearing shall file a pre-hearing statement and serve copies on other parties, or the attorneys of parties who are represented by counsel, at least four business days prior to the scheduled hearing, but in no event later than 5:00 p.m. Mountain Time, on the Thursday preceding the scheduled hearing date. If you are not registered with the OCD's E-Permitting system, you must submit the statement via e-mail to ocd.hearings@emnrd.nm.gov and should include: the names of the parties; whether or not the parties are represented by counsel; a concise statement of the case; the names of witnesses anticipated to be called to testify at the hearing; the approximate amount of time needed to present the case; and an identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this application, please contact Caroline Frederick, Landman for COG Operating, LLC at caroline.frederick@conocophillips.com.

Sincerely,
/s/ Jaclyn M. McLean

LEGAL	LEGAL	LEGAL
LEGAL NOTICE April 21, 2026		
<p>This is to notify all interested parties, including; OXY Y-1 Company; EOG Resources, Inc; United States of America Bureau of Land Management; Commissioner of Public Lands, New Mexico State Land Office; United Exploration LLC; Beverly Jean Renfro Barr, Trustee; Chevron U.S.A. Inc.; Devon Energy Production Company, LP; Endurance Properties Inc; Occidental Permian Limited Partnership; Pintail Production Company; and their successors and assigns; that the New Mexico Oil Conservation Division will conduct a hearing on the application submitted by COG Operating LLC, ("Applicant") for Case No. 26086. The hearing will be conducted on May 7, 2026, in a hybrid fashion, both virtually and in person at the Energy, Minerals, and Natural Resources Department, 1st Floor, Santa Fe, NM 87505. To participate virtually, see the instructions posted on the OCD website: https://www.emnrd.nm.gov/oed/hearing-info/. In Case No. 26086, Applicant seeks an order pooling all uncommitted interests in the Bone Spring formation underlying a 720-acre, more or less, non-standard, horizontal spacing unit comprised of the SW/4 and W/2 SE/4 of Section 29, and the W/2 and W/2 E/2 of Section 32, Township 25 South, Range 35 East, Lea County, New Mexico ("Unit"). The Unit will be dedicated to the following wells ("Wells"): Boater Federal Com 601H, which will be drilled from a surface hole location in the SW/4 NW/4 (Unit E) of Section 29, to a bottom hole location in the SW/4 SW/4 (Unit M) of Section 32; Boater Federal Com 602H, which will be drilled from a surface hole location in the SE/4 NW/4 (Unit F) of Section 29, to a bottom hole location in the SE/4 SW/4 (Unit N) of Section 32; and Boater Federal Com 603H, which will be drilled from a surface hole location in the SW/4 NE/4 (Unit G) of Section 29, to a bottom hole location in the SW/4 SE/4 (Unit O) of Section 32. The completed intervals of the Wells will be orthodox. Applicant requests approval of a non-standard horizontal spacing unit pursuant to Rule 19.15.16.15(B)(5) NMAC, which will create cost efficiencies, prevent waste, and protect correlative rights. Also to be considered will be the cost of drilling and completing the Wells, the allocation of the costs, the designation of Applicant as operator of the Wells and the Unit, and a 200% charge for the risk involved in drilling and completing the Wells. The Wells are located approximately 12 miles Southwest of Jaj, New Mexico.</p>
