OIL LONSERVATION COMMISSION SANTA FE, NEW MEXICO INSTRUCTIONS

OIL CONSERVATION CONTAINSION

FORM C-115

The addresses of the producer, as required on this report, shall be clear and definite as to Street Number, City, State and Mailing address.

This report shall be made monthly by each producer of crude petroleum oil. An executed copy shall be filed on or before the 20th day of each month with each of the following: Oil Conservation Commission at Santa Fe; Lea County Proration Office at Hobbs; and the pipe line company or other transporter moving oil, gas, or liquid hydrocarbons from a well or wells or lease tank or any other receptacle. The report shall be complete as to data covering the calendar month next preceding the date of filing.

Report on this form, the required information relative to, the production of all crude petroleum oil, natural gas, and other hydrocarbons which are produced at the well head in liquid form by ordinary production methods. Show on this report, the required information relative to, products produced from a gas well or gas wells, such as distillate and condensate.

Make a separate report for each lease.

When two or more units are produced into a central tank battery the amount of oil produced from each unit shall be determined by periodic tests. The oil on hand at the beginning of month, the scheduled allowable, the oil on hand at the end of month, and total capacity of lease tanks shall be reported by leases.

All amounts of oil shall be reported in barrels computed from 100% tank tables and based upon actual physical gauges.

Do not use fractions of barrels in this report.

If any space does not apply fill in the word "NONE."

Please use typewriter if possible.

June 2, 1942

The Artesia Advocate Artesia, New Mexico

Attention: Mrs. C. R. Blocker

Re: Case No. 32

Gentlemen:

The writer is profoundly grateful to you for your letter of May 27 enclosing tear sheet showing that the Notice in the above captioned case was in fact published on May 7; however, the publisher's Proof of Publication, signed by Mr. A. L. Bert under cath, states that the said Notice was published May 14, which Proof of Publication is herewith returned.

The confusion did not occur, as you stated, by reason of this department's directing the letter of transmittal with Notice for Publication to Mr. A. L. Bert, for said letter of transmittal dated April 30 was to the Artesia Advocate", copy of which letter is enclosed for your information.

The "Proof" of Publication which turned out to be erroneous as to date of publication did not arrive until about the time set for the hearing. Insofar as the publication in the Artesia paper was concerned the Commission could not rely upon the publication in your paper for service as provided by law by reason of the fact that said Proof of Publication stated that the Notice was published May 14, just 4 days before the hearing. You can, therefore, readily see the confusion that has transpired.

Very truly yours,

Carl B. Livingston Chief Clerk & Legal Advisor.

Mr. Carl B. Livingston Cheif Clerk & Legal Advisor N. Mex. Oil Conservation Com. Santa Fe, New Mexico

Dear Mr. Livingston:

In reply to your letter to Mr. A. L. Bert, editor of The Artesia Advocate, in which you questioned the statement for publication of Case No. 32.

It seems to me that you have been slightly misinformed as to the date of publication of the above legal. The notice which was sent out on April 30, was published in the next issue of The Advocate and not two weeks later as stated in your letter. I am inclosing a tear sheet from The Advocate, dated May 7 showing this publication.

Mr. Pert really did not have anything to do with the publication or the billing of same. If in the future you will direct your communication to The Artesia Advocate or to me, publisher of The Artesia Advocate, you will probally get quicker attention as Mr. Bert's personal mail is sent out on the city route to his residence.

+ + + + + By Mary Jane + + + +

The U.S. Army plays a spectacular starring role with Wallace Beery at the Ocotillo Theater Sunday through Tuesday in "The Bugle Sounds," story of the new mechanized forces.

mechanized forces.

The result is a picture of realistic action, with the Regular Army enacting its stirring role in the contemporary plan of defense. Thousands of tanks, simulating wartime conditions, plunge across the screen. Dive bombers drop their "eggs" and soldiers run, ride and crawl for cover. and crawl for cover.

The picture presents Beery as a veteran cavalry sergeant, thor-oughly disgusted when horses are abandoned in favor of tanks. His objections amount to insubordination when a tank runs wild in flames, crashing through a stable to mortally injure his faithful horse. His colonel and friend, Lewis Stone, attempts to pacify him, but the sergeant balks until he is given a court martial discharge.

This, however, turns out to be a ruse, arranged in order that the sergeant may work his way into the good graces of a band of sab-oteurs. When they plan to wreck a shipment of tanks, he captures them and is rewarded with new honor medals for the collection already gleaming on his broad chest.

EBY GIVEN Small & Ray Social Security for Partnership of tems—The Advocate. Social Security forms and sys-

for the public hearing to be held at 10:00 A. M., at the Court House Carlsbad, New Mexico, for the consideration of said application. The purpose of this notice is to allow all persons interested an opportunity to show cause why such authority should not be granted.

EXTENSIVE COTTON PRICE CEILING SET

Practically every product of the cotton textile industry now is under OPA price ceilings as a result of an extensoin by OPA of maximum price regulations to all types of carded grey and finished cotton goods not previously covered by schedules.

The new order, effective May 4 set manufacturers' maximum prices at levels below those previously prevailing for such important finished textiles as blankets, towels, table spreads, ginghams,

cloths and napkins, corduroys, diapers, cottonades, whipcorns, flan-nels and chambrays.

Mr. A. L. Bert Artesia Advocate Artesia, New Mexico

Re: Case No. 32

Dear Mr. Bert:

Under date of April 30, this office sent you a legal advertisement in the above captioned case with instructions for immediate publication.

The publication of said notice was made two weeks later — just four days before the hearing was called — notwithstanding the fact that the date of this hearing was within the advertisement sent you. The delayed advertisement was of no benefit for the purpose of service by publication.

It does not seem fair that a bill should have been presented under the circumstances.

Very truly yours,

Carl B. Livingston Chief Clerk & Legal Advisor.

Dear Mr. Livingston:

Re: Consolidation of Forms C-108 and C-109 - Cure 32

Thanks very much for your letter of April 23 and the inclosure therewith.

It is noted that the notice does not recite the date of the hearing; however, it is assumed that you will advise the date of same later.

With kindest personal regards.

Yours very truly

Re: Consolidation for Forms C-108 & C-109 Operator's Monthly Reports

Cantlemen:

Enclosed please find copy of Notice of Hearing which has been prepared upon your petition in the above captioned matter. Please check this over to see whether it meets with your approval and please return promptly with any suggestions that you have.

The New Mexico Oil and Oas Association, the petitioner in this case, should prepare a suggested consolidated form and transmit to the Commission for its study.

When the Hotice of Hearing is returned the Commission may then order the publication of the Hotice of Hearing as provided by law with specific definite date, time and place, in order that all interested parties may appear.

Please return the Notice of Hearing and send your suggested consolidated form to the Commission not later than Tay 1.

Very truly yours,

Carl B. Livingston Chief Clerk & Legal Advisor

BEFORE THE OIL CONSERVATION COMMISSION OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE HEARING CALLED BY THE OIL CONSERVATION COMMISSION OF THE STATE OF NEW MEXICO FOR THE PURPOSE OF CONSIDERING:

> CASE NO. 32 ORDER NO. 447

THE PETITION OF THE NEW MEXICO OIL AND GAS ASSOCIATION TO CONSIDER REVISION OF ORDER NO. 410 OF THE COMMISSION IN THE FOLLOWING RESPECTS: IN LIEU OF FORM C-108 AND FORM C-109, "THE ADOPTION OF A FORM WHICH PROPOSES TO CONSOLIDATE ALL THE INFORMATION NOW CONTAINED IN FORM C-108 AND FORM C-109".

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at two o'clock P.M., May 18, 1942, at Santa Fe, New Mexico. The Cil Conservation Commission of the State of New Mexico, hereinafter referred to as the "Commission", having announced generally that the proposed consolidated form received in evidence as exhibit "C" was adopted with the reservation that any change as may seem advisable to the Commission may be made before the adoption of a formal order and with the further reservation that the Commission shall promulgate a formal order in the immediate future carrying out the details of the Commission's announcement of general nature;

NOW, on the <u>17</u>day of May, 1942, the Commission having before it for consideration the testimony adduced at the hearing of said case and being fully advised in the premises;

IT IS THEREFORE ORDERED:

SECTION 1. That Rule 21, Section II, Order No. 410, be and is hereby amended to read:

RULE 21. WRITTEN NOTICES, REQUESTS AND REPORTS.

The following forms shall be used in giving notices and making requests and reports to the Commission:

Form C-101. Notice of Intention to Drill.

Form C-102. Miscellaneous Notices.

Form C-103. Miscellaneous Reports on Wells.

Form C-105. Well Record.

Form C-110. Certificate of Compliance and Authorization to Transport Oil.

Form C-111. Monthly Gas Report.

Form C-112. Transporter's and Storer's Monthly Report.

Form C-113. Refiner's Monthly Report.

Form C-114. Gasoline or other Extraction Plant Monthly Report.

Form C-115. Operator's Monthly Report.

SECTION 2. That Rule 34, Section III, Order No. 410, be and is hereby amended to read:

RULE 34 - OPERATOR'S MONTHLY REPORT (FORM C-115)

Each producer or operator of an oil and/or gas well within the State of New Mexico shall furnish for each calendar month an Operator's Monthly Report, Form C-115, setting forth complete information and data indicated on said form respecting crude petroleum oil, natural gas, and liquid hydrocarbons from a gas well where produced in liquid form at the well head by ordinary production methods from each proration or operating unit operated by said producer. Such report for each month shall be prepared and filed according to instructions on or before the 20th day of the next succeeding month.

All conflicting rules and regulations in force prior to the effective date of this order are hereby superseded.

(b) The form of report annexed hereto and designated Operator's Monthly Report, Form C-115, and instructions for said report annexed hereto are hereby adopted and made a part of this order.

SECTION 3. That Rule 34-A, Section IV, Order No. 410, be and is hereby cancelled in its entirety.

SECTION 4. That this Order is effective beginning with June 20, 1942, covering May, 1942, production.

Done at Santa Fe, New Mexico, on the date hereinabove designated.

INSTRUCTIONS

OIL CONSERVATION COMMISSION

FORM C-115

The addresses of the producer, as required on this report, shall be clear and definite as to Street Number, City, State and Mailing address.

This report shall be made monthly by each producer of crude petroleum oil. An executed copy shall be filed on or before the 20th day of each month with each of the following: Oil Conservation Commission at Santa Fe; Lea County Proration Office at Hobbs; and the pipe line company or other transporter moving oil, gas, or liquid hydrocarbons from a well or wells or lease tank or any other receptacle. The report shall be complete as to data covering the calendar month next preceding the date of filing.

Report on this form, the required information relative to, the production of all crude petroleum oil, natural gas, and other hydrocarbons which are produced at the well head in liquid form by ordinary production methods. Show on this report, the required information relative to, products produced from a gas well or gas wells, such as distillate and condensate.

Make a separate report for each lease.

When two or more units are produced into a central tank battery the amount of oil produced from each unit shall be determined by periodic tests. The oil on hand at the beginning of month, the scheduled allowable, the oil on hand at the end of month, and total capacity of lease tanks shall be reported by leases.

All amounts of oil shall be reported in barrels computed from 100% tank tables and based upon actual physical gauges.

Do not use fractions of barrels in this report.

If any space does not apply fill in the word "NONE."

Please use typewriter if possible.

CASE NO. 32

BEFORE THE OIL CONSERVATION COMMISSION OF THE STATE OF NEW MEXICO

May 18, 1942

The hearing was called to order by Governor John E. Miles, Chairman of the Oil Conservation Commission of the State of New Mexico, at two o'clock in the afternoon of May 18, 1942, in the Governor's Office, State Capitol, the Commission sitting as follows:

Hon. John E. Miles, Governor of New Mexico, Chairman Hon. H. R. Rogers, Commissioner of Public Lands, Member Hon. John M. Kelly, State Geologist, Secretary Hon. Carl B. Livingston, Chief Clerk and Legal Advisor.

Present:

Roy O. Yarbrough	Oil Conservation Commission	
Barney Cockburn		
H. A. Anderson	Visitor	Chicago
H. L. Sawyer	N.M.Oil & Gas Ass'n.	Roswell
A. D. Wilbur	Humble Pipe Line Co.	Houston, Texas
Sam Sanders		Artesia, N. M.
D. R. McKeithan	Phillips Pet. Co.	Bartlesville, Okla.
Glenn Staley	Proration Office	Hobbs, N. M.
Oren C. Roberts	Murchison & Closuit, Inc.	Artesia, N.M.
Robert C. Anderson	Malco Refineries, Ind.	Artesia, N. M.
Marshall Rowley	Carper Drlg. Co.	Artesia, N. M.
Emery Carper	ที่ ที่ ท	Artesie, N. M.
Leo R. Manning	State Land Office	

The Chairman then announced that the Commission is now in session, and called upon the Secretary to read the minutes of the last meeting.

The Secretary thereupon read the minutes of the meetings of April 30th, which minutes were acted upon in executive session.

BY MR. KELLY: I would like to recommend that the Commission take up these things as we go along. The Commission will now be in quasi-judicial session to hear case No. 32. The Attorney for the Commission will read the call.

Whereupon, Mr. Livingston read the call as follows:

"NOTICE FOR PUBLICATION
STATE OF NEW MEXICO
OIL CONSERVATION COMMISSION

The Oil Conservation Commission, by law invested with jurisdiction as the oil and gas regulatory body of the State of New Mexico, hereby gives notice of the following public hearing to be neld at the Capitol, Santa Fe, New Mexico:

Case No. 32

The petition of the New Mexico Oil and Gas
Association to consider revision of Order No. 41C
of the Commission in the following respects:
In lieu of Form C-108 and Form C-109, 'the adoption
of a form which proposes to consolidate all the
information now contained in Form C-108 and Form
C-109. This case is set for 2 o'clock P.M., May 18, 1942.

Any person having any interest in the subject of said hearing shall be entitled to be heard.

The foregoing Notice of Publication was made pursuant to the direction of the Commission at its Executive Meeting April 30, 1942.

Given under the seal of said Commission at Santa Fe, New Mexico, on April 30, 1942.

OIL CONSERVATION COMMISSION

BY (Sgd) John M. Kelly Secretary."

SEAL

BY MR. LIVINGSTON: The Commission is now ready to proceed upon Case No. 32.

BY MR. SAWYER: (Representing the petitioner) Governor Miles, the Honorable

Commission: In connection with the petition of the New Mexico Oil and

Gas Association to consolidate Forms C-108 and C-109, I would like to make
a brief statement.

The petitioners feel that by the consolidation of these two forms there will be a saving in paper, labor and office work, and I would like to present Mr. Glenr Staley as our principal witness, and he will present the proposed forms.

GLENN STALEY,

being first duly sworn to tell the truth, the whole truth, and nothing but the tru., testified as follows:

BY MR. LIVINGSTON:

- Q State your name for the record.
- A Glenn Staley, Chairman of the Engineers Advisory Committee for the operators of Lea County, and Deputy of the Oil Conservation Commission.
- Q Pardon me -- this is to qualify you and for the record. Please state your experience in the oil business in New Mexico, and in what capacities.
- I have been identified with the oil industry in the State of New Mexico for the past twenty years; educated as a geologist and engineer. In that time I have occupied the position of State Geologist and Proration Umpire for the oil fields of southeastern New Mexico for the past

twelve years.

some six or eight months ago the Commission adopted Forms C-108 and C-109. These forms are forms required by the State of New Mexico -the Oil Conservation Commission of the State of New Mexico, to give
them information regarding operations by the various oil companies by
wells, by leases and by fields in the various companies. At the time
they were adopted it was felt one of these forms, at least C-108, would
conform to a similar form required by the Federal Government -- that
is, the Federal Tender Board; but due to the fact that it was impossible to get printers to use the same form adjusted to scale, it
was impossible to make out these forms for the State at the same time
they were made out for the Government; therefore, it required extra
labor and extra filing space.

The operators also felt, and the Commission felt that this Form C-108 did not give all of the information required by them for their engineering information; due to the fact that the Oil Conservation Commission is founded on the prevention of waste, it is absolutely necessary that all information regarding production be submitted every month, so that they will have knowledge as to how each well, each lease and each field is operating, and the results.

I might explain that it takes into account total gas, total oil, total water, and gas-oil ratio, and whether the gas is being used for gas lift, or whether a well is pumped, flow valves, or any other means of artificial lift.

Some months ago the Lea County Operators Committee were asked by various members -- that is, operators in Lea and Eddy Counties -- to have the Engineers Advisory Committee draw up a form which would be a consolidation of Forms C-108 and 109, that would give the Commission and the Engineering Departments of the companies the adequate information, and do away with one of the forms now required. Such a form was drawn up and sent out to all operators, and I have here a file of the letters from the various companies which I will submit in evidence. (File submitted and marked "Staley Exhibit A")

The vast majority of these are in favor of such adoption.

There are two instances where the companies felt that the present

forms should be retained.

- BY MR. KELLY: When we tried to adopt a form that would conform to the Federal Tender Board form, wasn't it the concensus of opinion that the Commission could not adopt a form that would conform to the Tender Board form due to the fact that the Tender Board form required the information on a pool basis, and the Commission on a lease basis?
- A That is true.
- BY MR. KELLY: And that, in itself, prohibited some operators from duplicating direct, did it not?
- A Yes, sir.
- BY MR. LIVINGSTON: The use of the two Forms C-108 and C-109 entailed more or less unnecessary work which could be eliminated by combining the sork of both in one form?
- A Yes, sir, that is true. It is a duplication insofar as the company records are concerned, and due to the war we have a shortage of men, and also a shortage of paper, and not only a shortage of paper, but of filing space. It is impossible to buy filing cabinets. If we can cut out one of these forms -- the big major companies, who have a great number of reports to make out, it requires quite a number of extra files.
- BY MR. KELLY: Any questions to be put to the witness? If not, the witness is excused.
- BY MR. LIVINGSTON: Have you any other witness?
- BY MR. SAWYER: No, I think not.
- BY MR. LIVINGSTON: Then the petitioner rests?
- BY MR. KELLY: Anyone else present who wishes either to make a statement or present a witness? (No one responds)
- BY MR. LIVINGSTON: If the Commission please, here is a joint letter from the Skelly Oil Company and George F. Getty, Inc., in which they ask that their reaction be made a matter of record, and I ask leave to introduce the letter as an exhibit. (Marked Exhibit B).
- BY MR. KELLY: The Commission will accept the exhibit for the record.

 If there are no further witnesses, the Commission will take this case under advisement.

We will go back into quasi judicial session, and we would like to have the witness recalled. (Witness is recalled)

BY MR. KELLY: The Commission would like to have you present the form, the combination of C-108 and C-109.

(Witness presents the form, which is marked "Exhibit C")
You introduce this as Exhibit C to the evidence?

A Yes, sir.

Witness excused

BY MR. KELLY: The Commission has now taken this case under advisement, and wishes to inform the New Mexico Oil and Cas Association that it will adopt the form known as Exhibit C in the evidence, as the operator's monthly report, to be used starting the 20th day of next month, which means reporting of production of this current calendar month.

The Commission was unanimous in its decision.

The Commission will have these forms printed and distributed in time for use on the 20th day of next month.

This case can be considered closed.

---000---

CERTIFICATE

I certify that the above and foregoing four and a half pages of typewritten matter are a true, correct and complete transcript of the shorthand notes taken by me at the hearing in Case No. 32 on May 18, 1942, and by me extended into typewriting. Exhibits A, B and C are attached hereto.

WITNESS my hand this 23rd day of May, 1942.

Esther Barton

IL CONSERVATION COMMISSIOI.

SANTA FE, NEW MEXICO

P. O. Box 871

April 14, 1942

New Mexico Oil & Gas Association Roswell, New Mexico

Attention: Rugh L. Sawyers

Re: Consolidation for Forms C-103 & C-109 Operator's Nonthly Reports

This is to acknowledge receipt of your informal petition in the above captioned matter.

This will be brought to the attention of the Commission and you will be informed in due course as to the Commission's action upon allowing the petition.

Very truly yours,

Carl B. Livingston Chief Clerk & Legal Advisor

CDLIES

Oil Conservation Commission State of New Mexico Santa Fe, New Mexico

> Re: Consolidation of Forms C-108 and C-109 Operator's Monthly Reports

Gentlemen:

Reference is made to Forms C-108 and C-109, Operator's Monthly Reports. Many operators have objected to the use of these two Forms for the following reasons:

- 1. Duplication of information.
- 2. Conservation of paper.
- 3. Shortage of clerical help brought about by the war emergency.

The New Mexico Oil and Gas Association respectfully requests that a hearing be called at an early date, for the purpose of considering the adoption of a Form which proposes to consolidate all the information now contained in Form C-108 and Form C-109. Supporting evidence will be submitted by Lea and Eddy County operators.

Respectfully,

NEW MEXICO OIL AND GAS ASSOCIATION

By Hugh L. Sawyers, Secretary 19
