DIRECT EXAMINATION

BY MR. DURRETT:

Q Mr. Ramey, would you please state your full name and position for the record?

A Joe D. Ramey, Supervisor, District I, New Mexico Oil Conservation Commission.

Q Mr. Ramey, are you prepared to make a recommendation to the Commission today concerning the revision of Rule 1126 of the Commission Rules and Regulations?

A Yes, I am.

Q Would you please proceed with your recommendation?

A This rule change will be nothing more than to change the date, the filing date for the oil purchases allowable change or Form C-127, from the 15th to the 10th of the month. This change in date will merely aid our proration clerks in their preparation of the proration schedule in that all the posting work will be finished by the time the oil allowable is set, and also this will just standardize the filing date on all proration forms.

Q Do you feel, Mr. Ramey, that this proposed change that you are recommending will actually be easier on the operators, or at any rate will not put any undue burden on them?

A I don't think it will put any undue burden on them.

Q It will be just as easy to comply with the 10th as the 15th?

A Yes, I would think so.

Q Is it your opinion that the adoption of your rule as proposed will enable the Oil Conservation Commission to more efficiently and effectively administer the laws of the State of New Mexico as they pertain to the conservation of oil and gas and the prevention of waste?

A Yes, sir.

filing has been changed.
