Re: Case 251, Application of
Amerada Petroleum Corporation

Dear Mr. Spurrier:

Mr. W. E. Mathers has referred to us the notice dated January 5, 1951, stating that a public hearing on the captioned matter was to be held in Santa Fe on January 25, 1951.

Mr. Mathers will not be able to be in Santa Fe on that date due to a conflict with another business matter, and inasmuch as he is directly interested in any proposed pooling and desires to be present at such hearing, he hereby requests that the hearing be postponed until the latter part of February.

We shall also appreciate your mailing us at your earliest convenience a copy of the application filed by Amerada Petroleum Corporation.

Very truly yours,

A. M. Swarthout

Dear Mr. Swarthout:

This is in reply to your letter of January 12, in which you advise that Mr. W. E. Mathers requests that we postpone the hearing of the above mentioned case, now scheduled for January 25.

Please be advised that it is routine that we hear this case on the appointed date, since it has been legally advertised and some 690 operators have been notified.

We suggest that Mr. Mathers have a representative appear for him at the January 25 hearing, and make a request at that time for continuance of the case, if he so desires.

We enclose herewith, copy of the application filed by Amerada Petroleum Corporation, as per your request of January 12.

IN THE MATTER OF THE APPLICATION OF
 AMERADA PETROLEUM CORPORATION FOR
 THE POOLING OF SEPARATELY OWNED
 ROYALTY OR MINERAL INTERESTS WITHIN
 A PRORATION UNIT IN THE BAGLEY-SILURO-
 DEVONIAN POOL, LEA COUNTY, NEW MEXICO

CASE NO. _____

A P P L I C A T I O N

COMES NOW Amerada Petroleum Corporation and alleges and states:

1. That it has filed its application for a temporary order for the establishment for a period of one year 80-acre proration units and the uniform spacing of wells covering the Bagley-Siluro-Devonian Pool, Lea County, New Mexico.
2. That one of the 80-acre proration units requested in said application will comprise the E/2 NE/4 of Section 3, Township 12-South, Range 33-East, Lea County, New Mexico. Applicant is the owner of the full oil and gas leasehold estate covering all of said proration unit. The royalty or mineral ownership comprising said unit subject to oil and gas leases owned by Applicant is as follows:

NE/4 NE/4 Section 3, Township 12-South, Range 33-East,
 United States of America - All;

SE/4 NE/4 Section 3, Township 12-South, Range 33-East,
 W. E. Mathers - All.
3. That a well is now being drilled to the Bagley-Siluro-Devonian Pool, located in the center of SE/4 NE/4 Section 3, Township 12-South, Range 33-East, which is the authorized well for the proration unit comprising the E/2 of NE/4 of Section 3, T-12-S, R-33-E, as requested in said application.
4. That in order for each royalty or mineral owner to receive his just and equitable share of the oil and gas in said pool, it is necessary that the royalty or mineral interests of the owners of the separate tracts comprising said 80-acre proration unit be pooled and combined and that the royalty payable under the oil and gas leases covering said proration unit be apportioned among said owners in the proportion that their interest in the separate tracts comprising said unit bears to the entire royalty interest in the unit.
5. That the pooling of the royalty interests under separately owned tracts, as herein requested, cannot be avoided by any rearrangement of the location of the proration units requested in said application and is the only method whereby waste can be prevented, the drilling of unnecessary wells be avoided and, at the same time, the correlative rights of the owners of each tract within said proration unit be protected.
6. That the owners of the separate tracts within said proration unit have not agreed upon the pooling of their royalty interests and Applicant is entitled to an order as herein requested under the provisions of Sec. 69-213½(c) of 1949 Cumulative Pocket Supplement to 1941 New Mexico Statutes Annotated.

WHEREFORE, Applicant respectfully requests that the Commission set this application for hearing and that due and proper notice be given as required by law, and that in the event the Commission establishes 80-acre proration units and uniform spacing of wells for the Bagley-Siluro-Devonian Pool, as requested by Applicant in its application filed herein, the Commission enter an order combining and pooling all royalty interests within the 80-acre proration unit comprising the E/2 NE/4 Section 3, 12-South, 33-East, so that the royalty payable under the oil and gas leases covering said unit shall be apportioned among said royalty owners on a surface acreage basis in the proportion that the interest of each royalty owner bears to the total royalty interest in said unit, and for such other relief to which Applicant may be entitled.
