Q Have you prepared, or had prepared by someone under your supervision, exhibits relative to your recommendation?

A Yes, sir. I have here what has been identified as O. C. C. Exhibit Number 1 in this case.

Q Would you please refer to Exhibit Number 1 in Paragraphs A through L of Case 3618 and point out any corrections that need to be made?

A Yes, sir. Exhibit Number 1 in this case is identical to the nomenclature shown on the docket for Case 3618.

I would, however, recommend that Paragraph A, the creation of a new pool in San Juan County, designated as the North Hogback-Dakota Oil Pool area be dismissed. It is possible that this is an extension as an existing pool and justice will better be served by dismissing this case and extending the other pool.

I also recommend that, in Paragraph B, the word "gas" be eliminated from the name of the pool; that the pool would be called the Table Mesa-Mississippian Pool. Otherwise, I would recommend that the extensions and creations be made as shown.

MR. HATCH: I'd like to move the introduction of Exhibit Number 1 into evidence.

MR. PORTER: If there are no objections, the exhibit will be admitted.

(Whereupon, Exhibit Number 1 was admitted into evidence.)

MR. PORTER: If there are no questions of Mr. Nutter, he may be excused.

(Witness excused.)

MR. PORTER: If there is nothing further to be offered in this case, we will take it under advisement.
