Division Case No. 6592

Dear Dan:

I was advised this afternoon by the engineer for Maddox Energy Corporation that their testing in the Morrow formation in connection with the captioned Application indicated that they will not be dually completing the Morrow formation and the Atoka formation.

As a result, I would appreciate your dismissing this case from your docket.

We have this date attempted to contact you by telephone. As we were unable to make the connection, we left word with your secretary for you to return the call.

I appreciate your aid in connection with this matter.
