Dear Ms. Luka:

The Oil Conservation Division (OCD) has identified a discrepancy in the current owner/operator name for the Bisti Landfarm, Permit NM2-010. The permit is currently issued to Western Refining Company LP (OGRID# 264727); however, recent submittals and requests for the Bisti Landfarm have been from Western Refining Southwest LLC (OGRID# 267595). Furthermore, OCD's search of the New Mexico Secretary of State database has resulted in the discovery that the registration for Western Refining Company LP has been cancelled and as such this company is no longer approved to operate in New Mexico.

OCD is requesting Western Refining Southwest LLC (Western) to submit a transfer of permit request pursuant to 19.15.36.12.E NMAC as a minor modification request through OCD Permitting to resolve this issue. A transfer permit request shall identify officers, directors, and owners of twenty-five percent or greater in the transferee. OCD considers this change as a minor modification as defined under 19.15.36.7.B(10) NMAC. Western must also mail a hardcopy of the replacement financial assurance mechanism with original signatures and notaries to the Santa Fe OCD office at 1220 South St. Francis Drive, Santa Fe, New Mexico 87505.

If there are any questions, please do not hesitate to contact me at (505) 469-7486 or [brad.a.jones@emnrd.nm.gov](mailto:brad.a.jones@emnrd.nm.gov).

Respectfully,

Brad A. Jones
