Jon,

Good afternoon!

Could you please call me? I need to discuss the OCD's E-Permitting Submittal Process that went into effect in December of 2019. All correspondence related to WQCC Discharge Permits must be sent electronically via the OCD's E-Permitting Website.

The January brine production report was recently sent to Santa Fe who contact Jim Griswold. Jim does not work on brine wells with the exception of I&W brine well project in Carlsbad. I am now the reviewer of documents coming from brine wells in NM.

To learn more about the E-Permitting Website and how to obtain a "User" and "Password", please click [here](#) (Link: <https://www.emnrd.nm.gov/ocd/ocd-e-permitting/>).

Thank you.

Good morning,

Jon forwarded me an email he received from you regarding reporting. I did not receive log information from the previous account manager, should I set up a brand new log in or is there a way to reset the log in information?
